## Plane Crash on Pike's Peak

A dazed survivor, M/Sgt. John W. Knight of Des Moines, Ia., struggled from the wreckage of this Iowa National Guard plane down the wooded, snowy slopes of Pike's Peak to the lake in the background seeking aid for three injured survivors. Three others were killed in the crash. (AP Wirephoto from USAF Air Training Command)

## Murray Is Reelected President of C. I. O.

### Three Persons Hurt In Accident on 9-W

### Poughkeepsie Residents Are Taken to Hospital; Fog Is Blamed

Marlborough, Oct. 17 (AP)—Three Poughkeepsie people were injured about a mile north of here during an early morning fog today when the car in which they were riding on Route 9-W struck a tree and overturned, according to the state police from Highland.

Those removed to St. Luke's Hospital, Newburgh, and the extent of their injuries were:

Robert Newman, 21, possible fracture of the jaw; Stanley Reed, 30, laceration of scalp and possible skull fracture; Joan Morrison, 18, 142 Main street, Poughkeepsie, leg injury.

Another rider, Ada Cole, 18, of 141 Main street, Poughkeepsie, escaped injury.

State police reported that Robert Newman, driver of the car, would face a charge of being an unlicensed operator. The sedan he was driving belongs to George Newman, a brother of 322-A Main street, Poughkeepsie.

### I.T.U. Minutes Will Be Read at Labor Hearing

Baltimore, Oct. 17 (AP)—Despite union protests, minutes of contract negotiations meetings, through which the government seeks to show the International Typographical Union and its Baltimore Local 12 were guilty of unfair labor practices, are in evidence today before an N.L.R.B. trial examiner.

The transcribed minutes, N.L.R.B. Counsel Sidney Barban told Trial Examiner William R. Ringer, what went on at seven contract sessions between the union and the Graphic Arts League, an organization of 22 Baltimore print shops.

The N.L.R.B. has charged the local and the parent union with failing to bargain collectively and in good faith with the league. The trial examiner's hearing, which closed Tuesday, is the first of its kind under the Taft-Hartley Act.

Gerhard Van Arkel and Henry Kaiser, representing the I.T.U., at the hearing, sought yesterday to have the minutes excluded from evidence.

After the minutes were admitted by Ringer, the I.T.U. attorneys questioned the secretary who noted down the contract proceedings and then transcribed them as to whether she had followed any instructions as to "editing" of the minutes.

The secretary, Mrs. Sarah Murphy, said she had not.

### Dies on Train

Poughkeepsie, N. Y., Oct. 17 (AP)—John H. Price, 39, a machinist employed by the New York Central railroad, died today in the dining car of the company's train, Voltaire, en route to New York city. Price, whose home was at 935 24th street, Watervliet, N. Y., boarded the train at Albany, Thomas Cleary, a railroad detective, said the man complained of feeling ill when the train reached Hudson, and when the train reached Poughkeepsie a physician examined him and pronounced him dead. Dr. John F. Rogers, deputy Dutchess county medical examiner, said he believed heart disease was the cause of death. The body was removed to a Poughkeepsie funeral home.

## C.C.C. May Provide Way to Get Aid At Once to Europe

### Corporation Could Sell U. S. Grain; Edibles at Low Prices for Export

Boston, Oct. 17 (AP)—Philip Murray was re-elected president of the C.I.O. by acclamation today and promptly rejected the latest invitation to return to the A.F.L. with caustic remarks about John L. Lewis.

Commenting on the fact that A.F.L. President William Green had issued a previous invitation to rejoin the A.F.L., Murray said, "So did that other bugging man," referring to Lewis.

Alluding to differences between the United Mine Workers' president and other A.F.L. leaders, Murray said Lewis is "sitting by the side of the road, and he's lamenting his position."

Murray then declared "May be in the spirit to ego or in a flourish of bombast he might stick his oversized chest out and say some unkind things about me."

"But who the hell am I? I just happen to be a simple-minded individual with enough strength in my forehead to make the sign of the cross."

Murray spoke after the C.I.O. convention had re-elected him in a cheering demonstration.

James Carey was also re-elected secretary-treasurer without opposition.

O. A. Knight, president of the oil workers, succeeded R. J. Thomas, vice president of the auto workers, as one of the nine vice presidents of the C.I.O. Although he had been nominated, Thomas at the last moment declined to seek re-election.

Yesterday, in San Francisco, A.F.L. President Green appealed to the C.I.O. to "come back" into the organization. "Bill said that last spring," Murray commented. "So did that other bugging man."

He added, "We want unity but the C.I.O. is not willing to make a sacrificial goat out of itself. We don't want to go through the process of destruction."

Murray again demanded a special session of Congress to restore rationing and price control and to

Washington, Oct. 17 (AP)—The \$5,000,000,000 Commodity Credit Corporation may provide a way to meet Europe's immediate need for food without a special session of Congress, Agriculture Department officials said today.

They explained that the C.C.C. could sell American grain and other edibles at cut-rate prices for export, thus stretching European dollar supplies farther than if the needy nations had to buy at current market quotations.

The deal would depend, however, on an advance agreement by Congressional leaders to reimburse the C.C.C. for its losses when the regular session begins in January.

Secretary Anderson told a news conference late yesterday, without elaboration, that government officials are looking into the possibility of using C.C.C. funds.

The corporation finances government farm price support programs and acts as a food purchasing agency for some foreign governments and foreign relief programs. Department officials who asked that they not be quoted by name said the corporation cannot legally make loans to foreign countries or sell them food on a deferred payment plan.

But it can, they said, sell food abroad at prices below those prevailing in this country and which the C.C.C. would pay for the food.

Question Is Discussed

The question of appropriations to meet the losses this would involve already has been discussed with some Congressional leaders. Their attitude has not been disclosed.

Expressing "grave concern" over the gloomy outlook for the winter wheat crop to be harvested next spring, Anderson said the government may find it necessary to put less emphasis on export of grains and concentrate on the more plentiful foods even if it takes more government dollars to do so. He has in mind dried fruits, eggs, beans and peas.

The secretary said reports from

## Fire Rages Out of Control In 500 Acres in Adirondacks

Albany, N. Y., Oct. 17 (AP)—A forest fire raged out of control over 500 acres in Washington county today and conservation officials reported an outbreak of 15 new blazes in the drought-dry Adirondacks.

The new fires brought the total since last Saturday to 185 and raised the possibility of Governor Dewey closing all woodlands in the state.

Dewey yesterday ordered closing of the Adirondack area at midnight tonight.

Conservation Commissioner Perry B. Duryea said "if conditions get worse it may be necessary for Governor Dewey to seriously consider complete or partial closure of the rest of the state."

The fire hazard in the Adirondacks was described by conservation officials as the worst in 20 years.

The 50-acre fire raged in a "logging slash" area containing branches and waste material of trees cut for lumber at Welsh Hollow near Fort Ann, Washington county.

Conservation officials planned to send additional fire fighting crews

into the area by plane.

The 16 lesser blazes covering 60 acres in Hamilton, Essex and Warren counties broke out yesterday. All were reported under control.

Meanwhile, rangers also had under control two large fires which have been burning for almost a week. The fires were in a 20-acre area near Highley mountain in Herkimer county and Jeffers mountain near the town of Hadley in Saratoga county. Subterranean fires were burning in a 100-mile-square section at Jeffers mountain.

Rangers manning observation towers reported visibility obscured by a haze covering much of the Adirondacks early today.

Dewey, in closing the Adirondacks, also temporarily suspended hunting seasons scheduled to open Monday on deer, cottontail rabbits, pheasants, partridge, woodcock and squirrels.

Conservation Commissioner Duryea announced that the deer and other hunting seasons would be extended beyond the scheduled closing dates by the number of days lost through the Adirondack ban, effective until lifted by executive order.

# State Traffic Commission Promises Action in Port Ewen Control Problem; Investigation Will Be Made, Groves Told

## Oil of Wintergreen Caused Death of Child, Coroner Says

### Autopsy Shows Overdose of Substance Might Have Been Fatal to Girl, 2

An overdose of oil of wintergreen is believed responsible for the death of Linda Jean Osterhoudt, two years and four months old, the daughter of Mr. and Mrs. Henry Osterhoudt of Kerhonkson, Coroner Arthur Chipp said today.

The child died before she arrived at the Kingston Hospital early yesterday afternoon following an emergency call to Coroner Chipp for the use of an oxygen unit.

A post mortem was performed yesterday after the mother had given consent, and specimens were sent to a state laboratory for examination.

Such examination as was possible in the autopsy, however, the coroner said, indicated that the child might have consumed an excessive quantity of oil of wintergreen.

The child and another had been given small doses of the oil, the coroner said, but it is believed that the stricken child got hold of the bottle and consumed an overdose.

The coroner said that whatever the child had taken first produced convulsions and later apnoea, which led to her death. He stressed the point that one teaspoon full of oil of wintergreen is considered enough to produce fatal results in an infant.

Edward Geller, who was first notified, called for the ambulance and the oxygen unit and the autopsy was authorized when it was found that she had died while on the way to the hospital.

Funeral services for the child will be held from the H. B. Humiston Funeral Home, Kerhonkson at 2 p. m. Sunday. The Rev. Lorenz A. Prohl of Kerhonkson will officiate.

Besides her parents the child is survived by a sister, Hilda Marie, three half sisters, Mrs. Jacob Pollock, William, Harold Cross, Tom Morrissey, Walter May, Claude, Midaugh, Herman Rafalowsky, John Conlon and George Schneider.

Byron Chatham, chairman of the committee for the uptown business section, announced that his group will have a campaign "kick-off" breakfast at 8 a. m. Tuesday at the Stuyvesant Hotel. Members assisting him will be Edwin L. Davey, Jacob Greenwald, Mort Englander, Jacob Mollett, Matthew Morgan, G. J. Peterson, Albert Flanagan and James L. Rowe.

The North Front street mercantile group, which has approximately \$1,300 to raise, includes Sam Barnett, Oscar London, Michael Mazzucca, Richard McSpirt, John Richards, and Joseph Scholier.

Businessmen in the downtown area already have pledged enough money to carry the program there, it was announced. The drive for funds in that section was spearheaded by Henry Singer and Louis Alcon.

All groups reported that they were confident the lighting program would be supported.

## The Flag Changes at Corregidor

### For the second time in half a century, the U.S. flag is lowered over the famed fortress of Corregidor. This time, however, it is replaced by the Philippine flag, not the Japanese. Corregidor is being turned over to the new Philippine government. (Photo by Bert Brandt, NEA-Acme staff correspondent, who is on a round-the-world assignment via Pan American Airways. (NEA Telephoto)

## Escapes Smothering in Safe After Bandits Slam Door

Detroit, Oct. 17 (AP)—While an expert relayed directions by telephone, 52-year-old George H. Turner, a hotel night clerk, won a race against time early today and escaped from an air-tight vault where bandits had imprisoned him for 40 minutes.

Two armed men, both in their 20s, took \$140 from Turner's cash drawer and ordered him into the vault in search of more valuables. When he failed to find any, they slammed the door shut on Turner, jamming it.

"I turned on a light but I couldn't find any way to get out," Turner explained. "I started yelling and kicking the door."

A hotel guest heard Turner's shouts and police were called.

When Sgt. Hugh Jones was unable to force the door, he telephoned a safe manufacturing firm and was referred to an expert who gave him instructions by phone.

The policeman called through the door and told Turner what to do. Turner said, "But I didn't have a screwdriver. I tried some coins but they were too thick. It was getting harder to breathe all the time."

"I started looking through the vault compartments and found a bunch of keys. One of them was a thin one which worked as a screwdriver. By this time, my head was beginning to pound. I don't think I could have kept my senses much longer."

## F.D.R. Veterans' Hospital Is Now Under Construction

Brick work has been started on the Franklin Delano Roosevelt Veterans' Hospital now under construction in Cruikshank Park, near Peekskill, Col. W. F. Heavy, New York district engineer of the Corps of Engineers, has announced.

The hospital is being constructed on 383 acres of land and consists of 32 buildings ranging from one to four stories in height. About 1,000 workers are employed at the site of the 1,984-bed hospital.

All structures will be fireproof construction with reinforced concrete and steel framing, brick walls and built-up and sloping roofs.

## Cooper Lake Water Is 7 Feet Under Its Normal Level

### Superintendent Asks City Users Conserve Supply; No Serious Lack as Yet

Water in the city's Cooper Lake reservoir is now down more than seven feet under normal crest, John J. Byrne, superintendent of the local water system said today.

This drop in the supply caused by 25 consecutive rainless days, while no immediate cause for alarm, should serve as a warning to local residents to conserve water, the department official advised.

The reservoir has a normal capacity of a billion and 200 million gallons or an estimated eight months' supply of water for the city. It is now down to 700,000,000 gallons.

The minimum supply in the reservoir has been lower than this at present on eight other occasions since the local water system was changed over to Cooper Lake as a main supply source in 1931, the head of the department said.

It reached a record low of 14 feet below normal crest in the winter of 1944.

Could Tap Zena

Reservoir No. 4 at Zena is now used as an auxiliary supply and this supply can be tapped in the event of a real shortage in the main source, but the city's water supply will be in actual danger if a continued drought forces such a move.

Residents of the county dependent upon well water, meanwhile, are becoming more gravely concerned, each day supplies are reported low in many areas and some have already been forced to carry water from sources beyond their properties.

The Gilboa reservoir of the New York city water system was reported virtually drained earlier this week as the supply in the main Ashokan reservoir continued dropping far below normal crest.

The continued dry weather has also caused much concern in the region as the danger of forest fires increases daily, and the prospects are not too bright locally for a beginning of the hunting season on schedule.

## Newkirk Outlines Platform, Principles of Government In Opening His Campaign

### Merchants Chosen To Raise \$8,000

### Uptown, Downtown, Central and North Front Groups Are Named

Committees of merchants in all business sections of Kingston have been appointed to spearhead the drive for \$8,000 to decorate the city streets for the Christmas season, it was announced today.

Merchants of the central business section, meeting last night at Byrne Brothers, agreed to start their collection Tuesday morning, and set a goal of \$2,700. The committee of the Central Businessmen's Association includes Chairman James Byrne, Harold Cross, Tom Morrissey, Walter May, Claude Midaugh, Herman Rafalowsky, John Conlon and George Schneider.

Byron Chatham, chairman of the committee for the uptown business section, announced that his group will have a campaign "kick-off" breakfast at 8 a. m. Tuesday at the Stuyvesant Hotel. Members assisting him will be Edwin L. Davey, Jacob Greenwald, Mort Englander, Jacob Mollett, Matthew Morgan, G. J. Peterson, Albert Flanagan and James L. Rowe.

The North Front street mercantile group, which has approximately \$1,300 to raise, includes Sam Barnett, Oscar London, Michael Mazzucca, Richard McSpirt, John Richards, and Joseph Scholier.

Businessmen in the downtown area already have pledged enough money to carry the program there, it was announced. The drive for funds in that section was spearheaded by Henry Singer and Louis Alcon.

All groups reported that they were confident the lighting program would be supported.

## Carpenters Local Endorses Referendum

Carpenters local 1175 (A.F.L.) adopted a resolution last night calling upon its 260 members to vote in favor of the two amendments providing for low-cost housing, and the referendum which would increase the salaries of Kingston police.

The action was taken at a meeting of the union held in Mechanics Hall, Henry street, Casper Souers, secretary, announced.

## Translation Difficulties Beseet Crimes Tribunal

Tokyo, Oct. 17 (AP)—Translation difficulties marked an exchange today between Marquis Koichi Kido, close wartime adviser to the Japanese emperor, and chief prosecutor Joseph B. Keenan before the international war crimes tribunal.

"Is it not a fact," Keenan asked the war crimes defendant at one point, "that from the beginning to the end of your political career, you consistently opposed any move by the emperor in any way to bring about law and order and halt this rule of violence?"

"Yes," replied Kido through an interpreter.

"It developed, that," Japanese fashion, Kido's "yes" meant, "yes, it is not."

Kido, former lord keeper of the privy seal, was requested to use the week-end recess to recall "a single time when you ever recommended to the emperor that he use his personal power" to halt military aggressiveness.

Keenan made the request after his cross examination.

## Supervisor's Action Following Death of Girl, 7, Brings Prompt Reply

### C. of C. Will Help

### Town of Esopus Group Pledges Help for Supervisor

Thanking Supervisor John T. Groves, town of Esopus, for calling attention of the state to a badly needed traffic survey in Port Ewen, following the fatal injury of seven-year-old Helen Marie Relyea last Monday, R. C. Georger, director of the state traffic commission, has promised to take action.

According to Information Supervisor Groves gave to a Freeman reporter the letter to Mr. Groves says in part: "We will conduct an investigation into conditions at this location and take such action as may be proper and possible. Your action in bringing the matter to our attention is appreciated."

Supervisor Groves in his communication to Commissioner Georger stressed, "The traffic condition in the village of Port Ewen is one that demands attention immediately."

Individuals and organizations in the town of Esopus, incensed over the tragic accident, blamed on traffic, are circulating petitions demanding remedial action. Among them are the American Legion, Chamber of Commerce and a Citizens Committee.

Several Fatalities

During the Legion meeting last Tuesday, the day after the accident, it was pointed out that six or more persons had been victims of fatal accidents on the busy highway, which is used by school children.

Every one of 50 Legionnaires at the meeting voted in favor of a resolution calling for action, and recommending consideration of the speed limit, and caution lights. Supervisor Groves, one of the Legion men, said he had sent out a letter of appeal as he addressed the assembly.

President Thomas Bohan of the Town of Esopus Chamber of Commerce today stressed that the association was ready to cooperate to the fullest extent with Supervisor Groves in his appeal for the traffic survey.

Driver Goes Home

Mrs. A. E. Ligourie, driver of the car involved in the accident, was permitted to go to her home, 840 Montauk avenue, New London, Conn., after questioning by District Attorney Louis G. Bruhn. No charges have been made against her.

The district attorney said he is continuing his investigation of the accident, and hopes to find an additional witness to furnish more information he is seeking relative to the case.

Sheriff George C. Smith has said that she was driving at only 20 miles an hour when the girl was struck. The child was buried in Mt. Marion cemetery Thursday.

District Attorney Bruhn said he planned to assemble the information he has gathered so far, and to question the additional witnesses, who is being sought.

## Florida Flood Is Dropping

Fort Lauderdale, Fla., Oct. 17 (AP)—Victory in south Florida's month-long war against unprecedented floods appeared in sight today as drainage canals poured water into the ocean faster than new waters from the Everglades moved southward and many points reported drops in flood levels. Four successive days of "sunshine"—the longest period without rain since the September 17 hurricane—have aided city, county and federal agencies in the fight with flood waters. Subsiding high tides permitted canals to shed their flow into the ocean.

## Union Plans May Force Court Test on Spending Ban

Washington, Oct. 17 (AP)—Union plans for a mammoth drive at the polls in 1948 seemed likely today to force a court test of the ban on union political spending which is part of the Taft-Hartley Act.

Asked whether there is any violation in the \$3,000,000 presidential year political fund just voted by the A.F.L. Justice Department officials said "We have every phase of the Taft-Hartley Act under study."

A.F.L. President William Green said at his organization's convention in San Francisco that the A.F.L. will seek a court ruling on its new political action program, financed by special assessments on union members.

The C.I.O., at its Boston convention, steered clear of disclosing any political financing plans but left no doubt that it and the C.I.O.

## Inquiry Is Made

New York, Oct. 17 (AP)—The Civil Aeronautics Board pressed its inquiry today into the forced mid-Atlantic landing of the Bermuda Sky Queen as the 69 passengers and crew members of the giant flying boat were spotted toward Boston aboard their rescue ship, the coast guard cutter Bibb.

George Gay, regional chief of the C.A.B. safety division, said he would fly to Boston today to join other federal officials in questioning the survivors who are scheduled to reach port sometime Sunday.

## Diseases Are Rampant

London, Oct. 17 (AP)—The International Red Cross reported today an "unprecedented" spread of tuberculosis in Europe and declared the increase in venereal disease was "simply catastrophic." The report said undernourishment mainly was the cause of the serious health condition, since it lowered resistance. "The spread of venereal disease is simply catastrophic. Syphilis is increasing everywhere and will have disastrous effects on future generations. The increase in 'VD' in Great Britain is much greater than that recorded during the first world war."

## Truman Has Own Party Divided on Control of Prices

### Voluntary Conservation Best He Insists; Cost of Living to Be Polls Issue

Washington, Oct. 17 (AP)—President Truman appeared today to have left his own party divided on the issue of government price controls while projecting the high cost of living squarely into the 1948 campaign.

Politicians generally said Mr. Truman's statement that he has some interesting figures on price rises indicates he will give the nation his version of how and why living costs have soared when he feels the proper time has arrived.

But he left both Democrats and Republicans somewhat confused when he said at his news conference yesterday that rationing and government controls, which he said includes rent controls, are the methods employed by a police state.

The President emphasized that he was trying to get a free enterprise nation to accomplish voluntarily in the conservation of food what police states do by force.

Senator Pepper (D-Fla.), who has said that Mr. Truman undoubtedly will be renominated by the Democrats, told a reporter he can't agree with the President that there would be anything smacking of a police state in the return to rationing and price controls the Florida senator has been urging.

"When Congress sets up a fair system of rationing and price control to bring about equal distribution of scarce food and materials at prices all can pay, that is democracy at its best," Pepper declared.

Nevertheless, most of his party members appeared to believe Mr. Truman's remarks yesterday had killed a move sponsored by Chester Bowles, Leon Henderson and others to bring before Congress the issue of reinstating price controls.

They said the President's statement, unless supplemented later, may spell the doom of rent ceilings as well.

There have been mounting Republican accusations that he must

share a large part of the blame for rising living costs.

Obviously alluding to statements made in Congress at the height of the battle over O.P.A., Mr. Truman said he was told very vociferously that this was a free country and we wouldn't suffer from the things we are suffering from if controls were taken off immediately.

Mr. Truman vetoed the first O.P.A. extension bill but signed a second. Later he abolished most controls.

Senator Ives (R-N.Y.) told a reporter he wonders "if the President has forgotten that when we had controls we had fairly low prices but no goods."

"What good are low prices if you have to deal in the black market?" Ives demanded.

The New Yorker said he has little doubt that the high cost of living will become an issue in the 1948 campaign.

## Woodstock Begins Preparatory Work For Water District

Following approval by the New York State Water Power and Control Commission of the application of the Woodstock Water District for consent to develop a water system, the preliminary work preparatory to letting contracts for the boring of wells has been undertaken.

At present negotiations are under way with owners of property on the Bearsville flats where it is proposed to locate the wells. Those negotiations are under way with several owners in the immediate locality where it is proposed to make test borings to ascertain the quality and quantity of water available.

John E. Egan, counsel for the water district, stated that test borings would be made to ascertain the flow of water, quality of water and determine the water level and after preliminary work was completed along these lines the district would be better able to enter into a contract with a concern to drill wells. From the test borings which will be made information and facts will be ascertained by the engineers which will aid in the actual drilling for a water supply.

It was stated that no exact location of the test borings had been decided upon, but the general area was defined and the preliminary work would be undertaken in this general area.

## Man and Livestock Will Celebrate at Big Western Social

Kansas City, Oct. 17 (AP)—The Midwest's fall social season opens here tomorrow for both man and livestock.

The 49th Annual American Royal Livestock and Horse Show's eight day run is furnishing the springboard for the social set and livestock to get on display.

The big social break comes tomorrow night at the Coronation Ball. There the queen of the American Royal will be chosen from 40 candidates representing towns as far as 600 miles away.

The ball is prefaced by American Royal dinners at hotels, social clubs and at three or four of the top drawer country clubs.

From their social clubs, some 1,300 of Kansas City's "400" move on the Municipal Auditorium Saturday night to occupy boxes at \$4.50 each. Those in boxes—the only ones who can dance at the ball—must be in full formal dress.

Giving the coronation dance the aspects of a show ring is the general public who may turn up in the upper tiers in what-have-you and pay from \$1 to \$3 each to watch the 1,300, advertised as the best dressed women and men in the middle west.

Back to Old Cow Days—All this social flutter is a cast-back to oldtime cow country days. Then anybody who amounted to anything on the plains owned cattle and marketed many of them here. Finally wives began to make the annual fall trips, too, and cat-marketing took on a semi-social glow.

Today merchants here sell more formal clothes at American Royal time than in all the rest of the social season.

Million Dollar Parade—There is just as much primping among the livestock bluebloods. A million dollar parade will be staged in the show ring at the Royal Pavilion, overlooking the stockyards—the largest stocker-feeder market in the world.

Some of this high price beef mutton and pork on the hoof will never get out alive. The nation's select meat buyers are on hand to bid. All the fat stock class goes over the auction block.

Last year a world's record price for beef was set at the Royal when Eddie Williams, Kansas City meat packer, paid Jack Hoffman, a 15-year-old 4-H Club member from Ida Grove, Ia., \$43,026 for T. O. Pride, the grand champion steer.

## Navy Discharges Will Be Given Reviews

Washington, Oct. 17 (AP)—The Navy today invited 340,000 former sailors and marines who failed to receive honorable discharges to apply for a review of their cases.

About 14,000 discharges already have been investigated by a special board and 30 per cent of them changed for the better, the Navy announced.

Not eligible for review are discharges given as the result of a general court martial.

The best discharge issued by the Navy was the honorable. Below that in descending order of merit were: under honorable conditions, undesirable, bad conduct and dishonorable.

The Navy gave out more than 300,000 under honorable conditions, 17,000 undesirable, 32,000 bad conduct, and 3,000 dishonorable.

An official pointed out that under the G.I. Bill of Rights, any discharge since the founding of the Navy may be reviewed except general court martial discharges.

## Declare Arabs Will Fight Partition of Palestine Area

London, Oct. 17 (AP)—Two Arab politicians declared in a news conference today that 14,000 armed Arabs were camped on Palestine borders to oppose partition of the Holy Land and that "united military command now is in existence."

Mustafa Momen, Moslem Brotherhood representative from Cairo, said 10,000 armed volunteers from the Brotherhood were encamped at El Arish, a coastal Egyptian town 25 miles from the Palestine frontier.

He said 4,000 other armed Arabs were spread out in small bands along the Syrian border and that, in addition, there were 1,200 armed and organized members of the Brotherhood inside Palestine.

A Jerusalem dispatch quoted an informed diplomatic source as saying today that 3,000 Syrian troops were encamped at Kuneitra (El Quneitra), five miles from the Palestine frontier.

Izzedeen Ashawa Bey, who heads the newly organized Palestine Arab political mission to London, said the Arabs would oppose by all possible means any attempt to partition the Holy Land and would not be deterred either by Russian or United States support of partition in the United Nations.

## Scouts Will Hold Program Saturday At Forsyth Park

About 400 scouts of the Kingston District will assemble at Forsyth Park Saturday morning, at 9 o'clock for participation in the huge field day program planned by Walter Tremper, camping and activities chairman for the district.

New requirements for tenderfoot, second class and first class will be the basis for competitive action Saturday, Carlton Taylor, district commissioner, has announced. Mr. Taylor will be in charge of the field day.

An emergency hospital under the supervision of the Kingston Chapter of the American Red Cross will be maintained throughout the day.

It was announced today that Elston's Sport Shop, official outfitter for Kingston, has donated a large trophy which will be awarded to the troop scoring the most points. Each troop participating will be awarded large printed silk ribbons.

Saturday's program, which is open to the public, will run until about 4:30 p. m.

## Even Division Is Shown by Nations On Palestine Case

Lake Success, Oct. 17 (AP)—As the United Nations cleared the way today for tackling proposals aimed at solving the Palestine question the official record showed an almost even division among delegates on the plan to partition the Holy Land into separate Arab and Jewish countries.

When general debate on the problem ended last night 14 of the 57 member nations, including the United States and Russia, had expressed support of partition while twelve others had declared their opposition to the plan.

But it was apparent that the fate of the partition plan, opposed violently by the Arab countries, now lies in the hands of 31 member nations who declined to register their views in general debate. Their positions probably will not be made known until the show-down vote comes.

Britain, who spoke for the second time in general debate yesterday and who holds the mandate over Palestine, has indicated neither support nor opposition to the partition plan.

## Murray Is . . .

Continued from Page One.

place "every racketeering speculation" behind bars.

The C.I.O. chief said that in failing to call Congress into session "the administration at Washington has been definitely derelict in the performance of its duties."

## Veterinarians Form 2-County Organization at Local Meeting

Steps to conserve and preserve animals in line with the general program of food conservation throughout the country were taken by veterinarians of Ulster and Greene counties during an organizational meeting Thursday evening at the home of Dr. Harold Clarke of Hurley avenue, it was learned today.

The acute interest which is being manifested by millions of citizens in this country to conserve resources was carried out by the veterinarians who responded to the meeting with nearly perfect attendance.

One of the speakers was Dr. Edgar Tucker of the Cornell University extension program whose talk was based on the diseases affecting the udder of milking cows.

Dr. Tucker, in explaining what outstanding work is being done by the state through the university to combat this condition, showed that the disease is considered more serious to the live stock industry than was tuberculosis 30 years ago.

The tuberculosis was something definite which could be diagnosed, Dr. Tucker told his listeners. He added, however, that under infections do not lend themselves so readily to detection and may go on for quite a period spreading infection through a herd before the danger is discovered.

Dr. speaker also stressed the vital fact that an animal cured may not be a permanent affair and is liable to repeat if not constantly supervised.

Dr. Philip Foley, local meat inspector, also spoke to the group and commented on some conditions which he had observed both in his practice and on the slaughter floor. He said "while such a local infection would not ordinarily affect the meat, proper supervision is essential to be sure there is no generalization."

Both speakers stressed the point that with a great food value of milk and its increasing cost of production, any policy which would help to conserve the energies of a milk producing animal would be a most helpful step to the housewife.

Members discussed Dr. Tucker's exposition during a round table discussion and presented their experiences with the new sulphadiazine and penicillin as applied to veterinary cases. All agreed that these medicines have a definite place in the field of animal practice.

Another speaker was Dr. Clifford Hoppenstedt, county veterinarian, who offered a few remarks as to some treatments and what the Farm Bureau was attempting in line with animal husbandry for the general improvement of live stock throughout the county.

Dr. Gilbert Hoppenstedt, representative of the county health unit, spoke and mentioned some of the things his organization was doing to plan for the enhancement of general welfare and health of the community.

Dr. L. L. Parker of Catskill was the dean of the meeting insofar as seniority was concerned.

Dr. Clement Angstrom of the poultry division announced at the meeting that he would talk about turkeys at the November meeting.

## Flooring Damaged In Leader Plant

A section of flooring in the building housing the Evening Leader, John and Crown streets was damaged in a slight fire caused by an overheated melting pot early this afternoon, according to a fire department report.

The pot used to melt composing room metal is on a metal base in the rear of the first floor.

base the firemen said, became overheated and set fire to the floor.

Engines 1 and 3 responded to the alarm at 12:49 p. m. Firemen reported only slight damage.

## C.C.C. May Provide

Continued from Page One

Kansas, Oklahoma and Texas indicate that dry weather there may reduce wheat acreage below this year and result in a short crop next year.

He expressed the belief that the uncertain winter wheat outlook has played an important part in advances in grain prices since the nation's commodity exchanges, at President Truman's request, doubled margin requirements on speculative trading in grain futures.

Anderson said trading in futures has declined 53 per cent since the margin, or cash down payment, was increased.

He agreed with an earlier news conference statement by President Truman that speculative trading has helped push up grain prices, but said no evidence of law violations have been uncovered by the department's commodity exchange authority.

This is the agency which polices the nation's grain exchanges.

Bahamans Will Leave—Eleven more Bahaman workers will leave Kingston tomorrow on the first leg of their trip home, the county Farm Bureau announced today. The workers, who have been employed on southern Ulster county fruit farms, will leave by rail. Twenty-nine workers left Poughkeepsie Saturday by plane for a direct flight to the West Indies.

## Certificates Filed

A certificate of incorporation has been filed by the Ulster Self-Service Laundry, Inc., a corporation formed to do laundry work and carry on a "self-service" laundry. The principal office of the corporation is located at 783 Broadway, Kingston, and the number of shares are 200, all common of no par value. There may not be less than three directors, more than seven directors and the corporation starts business with three directors, Davis Fruchter of 288 Liberty street, Jack Fruchter of 419 Grand street, and M. J. Rider of 55 Second street, Newburgh.

Charles and Rocco Drago of Church street, Marlborough, have filed a certificate with the county clerk stating they intend to do business at King street, Marlborough, under the name and style of Drago Brothers Market.

J. Milton Quackenbush of 60 Bergen avenue, Walden, and Lyle M. Quackenbush of Tompkins Cove, have filed a partnership certificate with the county clerk, stating they will do business under the name and style of Orange and Ulster Warcup Company, 60 Bergen avenue, Walden.

San Francisco, Oct. 17 (AP)—Executive councilmen of the American Federation of Labor convene today to plan the organization of "Labor, Educational and Political League," for its right-winged fight against the Taft-Hartley law and all who propounded it.

The A.F.L. convention itself adjourned at 4:02 p. m. (P.S.T.) yesterday with a unity plea. It re-elected president, 74-year-old President William Green:

"Forget petty bickerings, I beg, I plead for unity, for solidarity!" Before adjournment, the federation re-elected George Meany, Plumbers' chief, as secretary—a post which many believe keeps him in line to inherit the Green mantle if and when the President retires. With Teamster boss Dan Tobin, Meany has emerged as one of the most powerful of the A.F.L. clan.

Although councilmen today are expected to discuss only preliminary steps, the A.F.L. assessed members to raise a \$3,000,000 campaign fund.

John L. Nickerson, Sr., died after a brief illness Thursday at his residence, 247 Clifton avenue. The funeral will be held from the parlors of A. Carr & Son, 1 Pearl street, Monday afternoon at 2:30 o'clock. Relatives and friends are invited. Burial will be in Wiltwyck cemetery. Mr. Nickerson was a brick burner by trade. He is survived by three sons, William Ray, John L., Jr., and Elias O., all of Kingston; four daughters, Mrs. Crawford Millham, Mrs. Charles O. Kelsa, Mrs. William H. Swart and Mrs. Gladys Kinsler, all of Kingston; 12 grandchildren and seven great grandchildren.

John L. Nickerson, Sr., died after a brief illness Thursday at his residence, 247 Clifton avenue. The funeral will be held from the parlors of A. Carr & Son, 1 Pearl street, Monday afternoon at 2:30 o'clock. Relatives and friends are invited. Burial will be in Wiltwyck cemetery. Mr. Nickerson was a brick burner by trade. He is survived by three sons, William Ray, John L., Jr., and Elias O., all of Kingston; four daughters, Mrs. Crawford Millham, Mrs. Charles O. Kelsa, Mrs. William H. Swart and Mrs. Gladys Kinsler, all of Kingston; 12 grandchildren and seven great grandchildren.

The newly-decorated Trinity Methodist Church building, Wurts and Hunter streets, and a sponsored baptismal font will feature Sunday morning's regular church service starting at 11 o'clock.

The building, which was seriously damaged as a result of a fire a year ago last June, has since been repaired while the interior of the church has been completely redecorated.

Renovations during the summer and early fall were under the supervision of Chester Dolsen, local painter and decorator.

The baptismal font, given by Monroe Burger in memory of Mrs. Burger, also will be dedicated during the service, in which the Rev. Herbert Killinger, pastor, will preside.

Members of the church and their friends are cordially invited to attend the special service.

## Dougherty Taken To Albany Hospital

William Dougherty, Jr., of New Kingston, who was injured seriously last Sunday morning when two cars collided on Route 9-W at Port Ewen, has been removed from Benedictine Hospital and taken to Albany Hospital where a specialist will examine him. It was announced today.

Dougherty sustained fractures of the left leg, jaw and shoulder in the accident. Six other persons also were injured. Two of them were reported still in serious condition today at Kingston and Benedictine Hospitals. They are Albert J. Bailey, Jr., of Brooklyn, and Francis S. Harlan, of Arkville. They were the drivers of the automobiles.

Conditions of the other injured persons were: Floyd Graham, of Margaretville, good; George G. Miller, of Margaretville, fair; Edward Burdette, of Margaretville, good; Albert J. Bailey, Sr., of New York city, good.

## Merrill En Route Home

Manila, Oct. 17 (AP)—Brig. Gen. Frank D. Merrill, chief of staff of the American Military Advisory Group here, boarded an army transport today for the United States and probable retirement.

Merrill, famed as the leader of wartime marauders in Burma, suffered a severe heart attack September 26. He will be treated at Walter Reed Hospital in Washington and then expects to retire to New Hampshire for a year's rest.

## Will Conduct Tests

Literacy tests for new voters will be conducted throughout Ulster county on October 28 and 30 and November 4, it was announced today. Tests on the two October days will be held from 9 a. m. to 4 p. m. and on November 4 from 9 a. m. to 6 p. m. Tests will be given in Hurley, West Hurley, Rosendale, Glasco, Malden, Quarryville, Eddyville, Lake Katrine, East Kingston and the Ulster Garage, Albany, avenue extension.

## Tri-State Area Hit By Power Failure

Middletown, N. Y., Oct. 17 (AP)—A power failure in a hydro-electric station of the Rockland Light and Power Company left a tri-state area without electricity for one hour yesterday, a spokesman for the company said today.

The affected area included all of the company's western division, comprising parts of Orange and Sullivan counties in New York, Pike county in Pennsylvania, and Montague township in Sussex county, New Jersey.

The company spokesman said the failure occurred shortly after 2 p. m. when new equipment installed in July at the hydro-electric station went out of service. The difficulty involved switch relays, the spokesman added, but he declined to give the location of the station.

All industrial equipment dependent upon electricity in the area, all lighting and electrical home appliances were affected.

## Executive Council Meets to Organize For Fight on Law

San Francisco, Oct. 17 (AP)—Executive councilmen of the American Federation of Labor convene today to plan the organization of "Labor, Educational and Political League," for its right-winged fight against the Taft-Hartley law and all who propounded it.

The A.F.L. convention itself adjourned at 4:02 p. m. (P.S.T.) yesterday with a unity plea. It re-elected president, 74-year-old President William Green:

"Forget petty bickerings, I beg, I plead for unity, for solidarity!" Before adjournment, the federation re-elected George Meany, Plumbers' chief, as secretary—a post which many believe keeps him in line to inherit the Green mantle if and when the President retires. With Teamster boss Dan Tobin, Meany has emerged as one of the most powerful of the A.F.L. clan.

Although councilmen today are expected to discuss only preliminary steps, the A.F.L. assessed members to raise a \$3,000,000 campaign fund.

## Close Ups

By UPTON CLOSE

It would be interesting to know whether George C. Marshall's newly announced program to get the Reds out of the State Department stems from himself or from the President.

It may well be Marshall's own idea since he reportedly exercises a free hand in the matter of personnel and since Senate committee members fired at him point blank several times during the past summer for sheltering a little Kremlin inside his department.

If this program is a Truman policy we may expect it to be applied to other departments in due time—meaning that the out-the-Reds campaign will be timed somewhat to precede the presidential campaign. The President's token ousting of Reds and the Justice Department's snail-paced chasing of alien Communist agents will not fool the public through an election year.

Marshall's program, as announced, is on a sound basis and has the makings of a clean-up—depending on whether or not the Secretary really recognizes a pro-Communist when he sees one. Marshall reportedly is going to fire all persons whose loyalty is subject to question. He will not wait for proof that a sub-bureaucrat has sunk a battleship or carried a blueprint for the big bomb to a Kremlin agent.

Anybody, for instance, who associates too regularly or intimately with Communists, or likely transmission links, and anybody who, in the Secretary's opinion, might be willing to sell information to an enemy country will be fired without trial.

**Easy Marks for Saboteurs.** It may not be according to established government practices—at least, pre-New Deal practices—to permit a bureaucrat to hire and fire lesser bureaucrats at will, as if he were running a private enterprise, but if we kept the pay-roller on the job, handling secret information, till caught selling or giving such information to the enemy, our cleaner-uppers would be largely wasting their time.

By requiring a jury trial for every suspect before firing him we could furnish a lot of amusement for Stalin's courtiers.

Any clerk or janitor may carry information out of an office if he is careful. It is not possible to watch everybody all the time. No

amount of regulations and security training can prevent carelessness such as leaving carbon copies or legible carbon sheets of classified information in a desk drawer overnight or dropping such matter in a wastebasket. And even though good security practices call for burning the contents of waste baskets each evening, none of these routines are airtight.

As matters stand today, there are hundreds of persons in the State Department whose loyalty is in doubt. They may have excellent memories. It would not be necessary to smuggle a blueprint of a change in state policy toward, say Greece, or China, to a Red agent. One person at the right place at the right time might sabotage a whole diplomatic maneuver.

The Marzani case illustrates the expense and difficulty involved in firing an employee the hard way—hailing him into court and convicting him of something which would bar him from further government employment.

### Marzani Was a Smoothie

Carl Marzani was a Communist with a record that was something! He was a smart, capable and dangerous Stalinist. But confronted with his record in 1943, before a board so lenient as to invite suspicion, he "proved" his innocence.

When a Deputy Assistant Secretary of State found him in an important job in the State Department in 1944 and confronted him with the evidence, he became tremendously indignant, claimed the whole thing was bogus and that he had already been tried and cleared.

This Marzani was a smooth operator and behind him were the wits and money of the Communist Party. He came close to getting by with his story and also forced the Justice Department to get up a full head of steam before a court finally convicted Marzani of guilt on eleven counts, including that of concealing his Communist connections.

This story, as told by the man who did most to bring about the conviction of Marzani, J. Anthony Panuch, in the October issue of PLAIN TALK, is must reading for those who would like to understand more about Communist intrigue in government bureaus. Furthermore, it is one of the most readable stories of the year.

Marshall is on the right track if he will follow through. (Copyright 1947 by John F. Dille Co.)

### ULSTER PARK

Ulster Park, Oct. 16—Regular preaching services in the Reformed Church will be held Sunday morning at 9:45 o'clock. The Rev. Harry E. Christiansa, pastor, will be in charge. Sunday school, 11 a. m.

Walter Jahn of Farmingdale, L. I., is spending some time with his parents, Mr. and Mrs. Julius A. Jahn.

Mr. and Mrs. E. H. Kappes of Brooklyn were week-end guests of their niece and nephew, Mr. and Mrs. R. C. Gorman. Mr. and Mrs. Tyril Young and children of Manhasset, L. I., also were guests of the Gormans Monday.

Ulster Grange visited the Hurley Grange Thursday evening and assisted with the program. The Grange will visit members of the Plattekill Grange October 25.

Mrs. Margaret Gramsford and family of Albany spent the week at their home here and have closed the house for the winter.

Mr. and Mrs. Clarence Wells are enjoying a month's vacation.

**Quit Fort After 257 Years** Calcutta (AP)—The last British troops, the Second East Lancashire battalion, have moved out of famed Fort William thus breaking a British association with the fort of 257 years. Raised in 1755, the battalion has seen action in many lands including the U.S.A. where it fought at Bunker Hill. After World War II service in Assam and North Burma, the battalion moved to Calcutta in 1946 where till May of this year it has been mainly used to quell riots.

### Barefoot Miner

Due to the shortage of work clothes, many women miners in Sontenberg, in the Russian zone of Germany, work barefooted. Women must dig and haul the coal because most of the men in the area were recruited by the Russians for work in nearby uranium mines.

### Greek King Inspects Government Forces in Field

King Paul of Greece, right, inspects Greek army troops at Yannina, near the Albanian frontier, during his first tour of army installations in the field. In the background is the Albanian mountain range from which guerrilla bands reportedly descend to fight government forces.

### METTACAHONTS

Mettacahonts, Oct. 16—There will be services at the hall Sunday evening.

The ham supper served at the hall recently was a success.

Mr. and Mrs. John Olsen of New Paltz were Saturday evening dinner guests of Mr. and Mrs. Edsel Osterhoudt.

Mr. and Mrs. John Lennon and daughter of Albany have returned to their home after spending a few days at the home of their parents, Mr. and Mrs. R. J. Osterhoudt.

Mr. and Mrs. Edward Gray of Atwood spent Sunday at the home of Mr. and Mrs. Edsel Osterhoudt.

Mr. and Mrs. Chester Wood entertained relatives from New York over the week-end.

Mr. and Mrs. Floyd Kelder of Millwood are spending a few days at the home of Mr. and Mrs. Edsel Osterhoudt.

Cap. 1917, King Forest Systems. World rights reserved.

**Explanation of Yesterday's Cartoon**  
**THE CHURCH 35,000 Years Young!**  
The Cathedral of Athens, Greece, was built by 4 architects

The Cathedral of Athens, Greece, was built by 4 architects between 1840 and 1855. No new materials went into the structure. It was completely built from building materials obtained from 70 old churches that were deliberately torn down for the purpose of furnishing building material for the Cathedral. The average age of the 70 demolished churches was 500 years, so that the structure represents a composite of 35,000 years and the Athenians proudly refer to the Metropolitan Church as being 35,000 years "young".

## Committee Acts To Press Issue On Traffic Safety

Two members of the Volunteer Citizens Committee today called for Port Ewen residents to spur their determination that action be taken to remedy traffic conditions in the village.

The committee sprang up after the recent accident, listed as the sixth in the same vicinity which took the life of little Helen Marie Relyea as she tried to cross the state highway in front of the post office.

The two spokesmen for the citizens group, Walter Joseph and Martin E. Munnally, informed The Freeman that they had talked with Supervisor John T. Groves of the Town of Esopus, Thursday, relative to a meeting with the town board.

They suggested in a note to the press: "That all organizations arrange to have their resolutions drawn up immediately and arrange to have a representative at a meeting of the town board which will be held as soon as the resolutions are submitted."

Joseph and Munnally said that petitions to date contain the names of 500 signers and they anticipate that the figure will hit 1,000 before the meeting with the town board.

It is the aim of the committee to discuss the matter of safety in the village of Port Ewen before the annual budget is made up for the town of Esopus.

### ACCORD

Accord, Oct. 16 — Reformed Church—Sunday school, 10 a. m.; worship service, 11 a. m., conducted by members of the consistory in observance of Layman's Sunday, Tuesday, 4-8 will meet at the home of Natalie Davenport, Wednesday, 8 p. m., choir rehearsal. The Methodist 4-H Club will meet Saturday, October 18, at the church.

Methodist Church, the Rev. B. C. Schmidt, pastor — Sunday school, 9:15 a. m.; worship service, 9:45 a. m.

Mr. and Mrs. William Anderson spent the Columbus Day week-end with James Elderly at William and Mary College in Virginia.

Sonya and Charles Anderson spent the week-end with their grandparents in Whitfield.

Mrs. Rancus Smith has returned to the home of Mr. and Mrs. Wilson Krom after having spent some time with Mrs. Phoebe Lawrence.

Mrs. Frank Lewis of Olive Bridge spent Sunday with Mrs. Phoebe Lawrence.

The Rev. and Mrs. L. M. Broom of New Jersey spent the day recently with Mrs. D. E. Schoonmaker and Mrs. A. L. Sahler. The Broom family have recently returned from a trailer trip to California.

Announcement has been made of the birth of a daughter to Mr. and Mrs. Charles McGuffey.

Mrs. Francis Wilkoff is a patient at the Albany Hospital where she is recovering from a recent operation.

Mrs. Walter Love is a patient at the Kingston Hospital where she recently underwent an operation.

Mr. and Mrs. Albert Traver and family spent the Columbus Day week-end with Mr. and Mrs. Spencer Traver at Houckville.

Mr. and Mrs. Lester Coddington entertained Mrs. Phoebe Lawrence and Mrs. Rancus Smith at supper recently.

Mr. and Mrs. M. P. Palmer have arrived safely in Miami, Fla.

Max Cohen left Monday for Miami, Fla.

Mr. and Mrs. Harry Ford attended the air show at the New Hackensack airport in Poughkeepsie Sunday.

Mr. and Mrs. John Miller accompanied Mr. and Mrs. Floyd Oakley of Cornwall-on-Hudson to points of interest on the New England coast last week.

Mrs. William Miller and son of Massena are visiting at the home of Cleve and Daisy Rider.

### MT. MARION

Mt. Marion, Oct. 16—The annual turkey supper of the church will be served Thursday, October 23, in the church hall.

Miss Wilhemina Weezenaar of Kingston spent several days last week with Mathilde Hobush.

The Junior Service League sponsored a card party in the church hall Friday evening.

William Down is a patient at the Kingston Hospital.

Austin Tonnesen, who has been employed in Woodhaven for several weeks, was home for the week-end.

James Clynne and son, John have returned to their home in Ozone Park.

The Rev. Cornelius Otto of Poughkeepsie preached in the Mt. Marion Church Sunday morning. Church services are now held at 11 o'clock and Sunday school, 10 o'clock.

Mrs. Hannah Walsh has closed the Spruce House and has returned to her home in New York.

Margaret Myer of Oneonta spent the week-end with her parents, Mr. and Mrs. William Myer.

Mr. and Mrs. Paul Tyan and son, Paul have gone to Brooklyn for the winter.

The Ladies' Aid Society met at the home of Mrs. Joseph Young Thursday evening.

Mr. and Mrs. Grant of Les Lilas are enjoying a vacation in New York.

The Fire Company will hold a card party at the Mt. Marion Inn Friday evening.

**Lion Protection**  
African natives pay good prices for scales of the curious animal known as a pangolin. One of these hard, leaf-like scales, worn about the neck, is believed by its wearer to be protection against attacks by lions.

## W.C.T.U. Wants Men, Drinks Million an Hour

Atlantic City, N. J., Oct. 17 (AP)—Some 6,000 members of the New Jersey Women's Christian Temperance Union will canvas the state's male population in a new campaign to offer honorary memberships to those who sign pledges for total abstinence from alcoholic beverages.

Delegates to the organization's 73rd annual convention approved the plan yesterday after a report from their president, Mrs. Mary D. DuBois, who warned of "a tidal wave of alcoholic beverages" which she said is sweeping the nation.

Although the present campaign will concentrate mainly on the male population, Mrs. DuBois said that some action was necessary to reduce the number of women drinkers, especially among the "respectable tavern and cafe trade."

She estimated that, in New York alone, women drinkers made up 50 per cent of the patrons in those "respectable" establishments while "the cocktail bars in the afternoon are 60 per cent female."

Mrs. DuBois, re-elected president of the state W.C.T.U. at yesterday's session, said that 20,144 gallons of alcoholic beverages per person were consumed in America last year. These drinks, she said, cost the nation \$1,000,000 an hour.

### Office Will Be Open

The office of the city water department at the city hall will remain open until 4 p. m. tomorrow to provide opportunity for those who find it convenient to pay their water bill at that time. The department has made this a special service to the taxpayers and it is expected that many will take advantage of the extra hours tomorrow afternoon.

Electric power for pumping oil wells first was used in 1892, in West Virginia.

## Letters to the Editor

Letters to The Editor must bear the name of the writer. Communications must be free of libel and personal attacks upon individuals as such. Only original communications addressed to The Freeman will be printed.

### Stone Ridge Library

Cottkill, N. Y., October 10, 1947

Editor, The Freeman:

There is now being conducted in the Town of Marbletown the annual solicitations for membership in the Free Public Library located in Stone Ridge.

This very worthwhile public library has exceptional facilities for service to all the people of Marbletown from the young child who is just acquiring the reading habit, to the older person who likes the privilege of a wide selection of good books and magazines.

The Library Association is sponsoring informative movies every Saturday afternoon at 2:30 for the children of the town.

There is no charge for these movies and all children are very welcome.

Memberships for the year are nominal and if a large percentage of the residents of our town join the Library Association not only can the present high standards be maintained, but additional educational and entertainment programs be supplied.

I heartily urge all residents of the town of Marbletown to join this Library Association.

HARRY SNYDER,  
Supervisor,  
Town of Marbletown

The U. S. corn crop has the highest farm value and requires a larger acreage than any other for the children of the town.

### NOW — NEW PRODUCT HELPS YOU TO

## REDUCE

BOVAC CUTS APPETITE — AIDS ELIMINATION

Here are the proved facts! When you diet, these two things happen. You leave the table hungry. And laxative bulk in your lower digestive tract makes elimination difficult. That's why so many doctors recommend the following method for safe reducing:

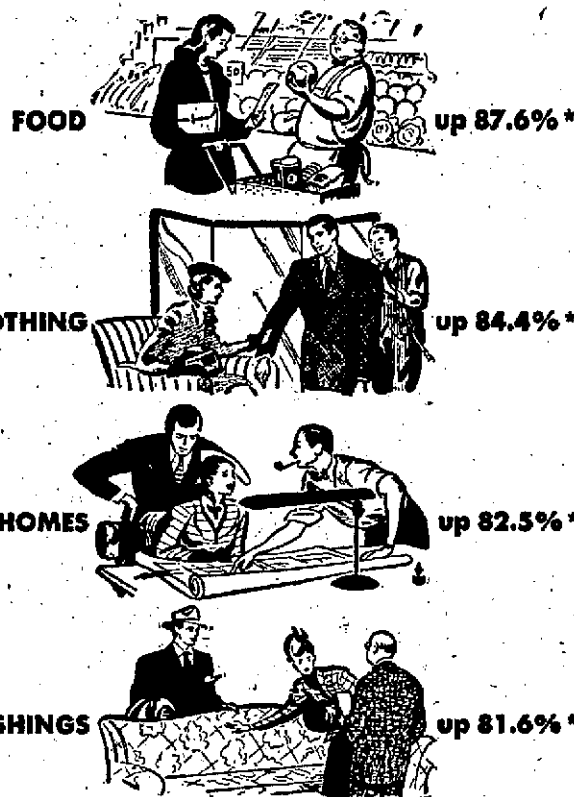

1. Take Bovac in water, 1/2 hour before meals
2. Keep to well-balanced, low calory diet
3. Take additional vitamins and minerals

Bovac makes the whole process so much easier and more effective. Made of concentrated, dehydrated fruits and vegetables, plus the richest, slippery portion of Psyllium, Bovac does the job needed. Despite its exceptionally low calory content, tasty Bovac actually helps satisfy the appetite to an amazing extent. And it aids natural elimination by supplying necessary daily bulk needed for proper evacuation.

Absolutely safe and non habit-forming. Money back guarantee. Only \$1 at your drug store—if not in stock send dollar and name of drugist. Full size package by return mail.

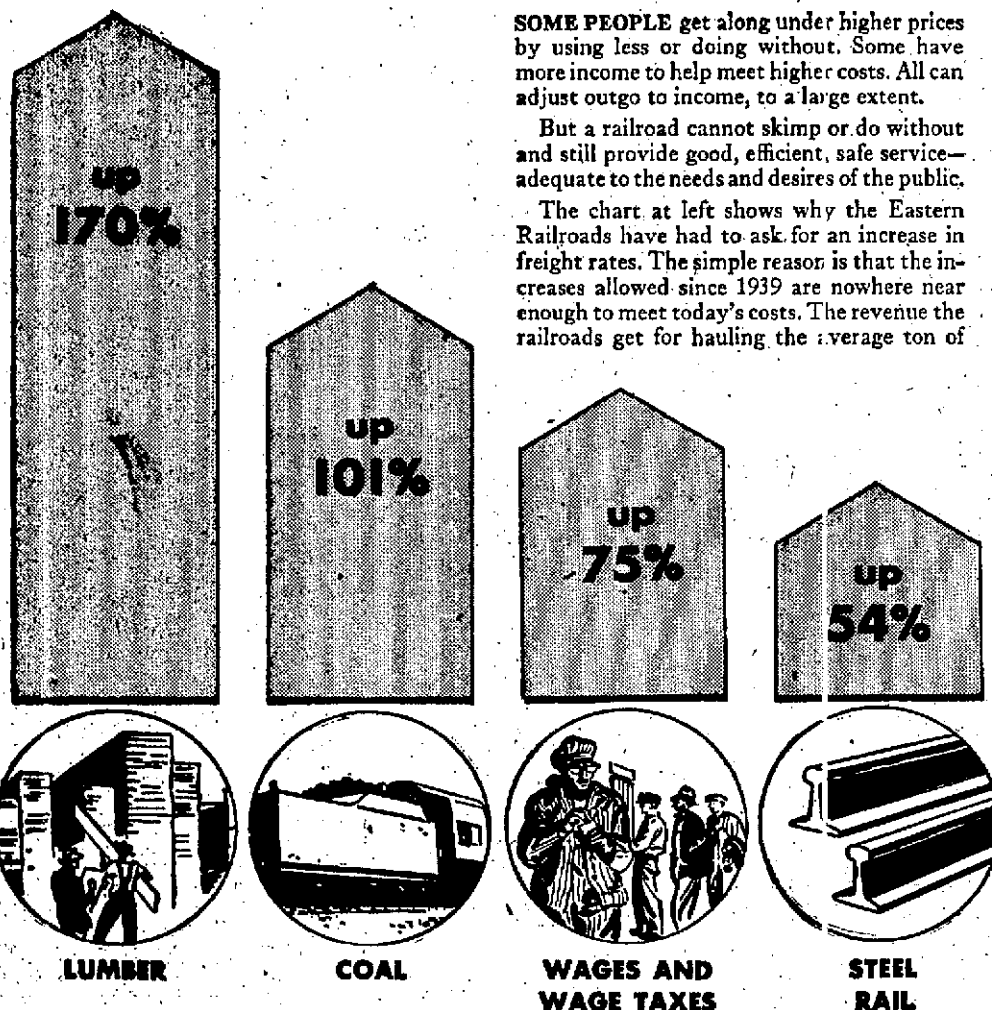

**BOVAC, Inc.** 1045 First Ave., New York 22, N. Y.

\*Increases since 1939, from Department of Labor Index for moderate income families in large cities, and from National Housing Agency.

...our costs have gone up, too!

SOME PEOPLE get along under higher prices by using less or doing without. Some have more income to help meet higher costs. All can adjust outgo to income, to a large extent.

But a railroad cannot skimp or do without and still provide good, efficient, safe service—adequate to the needs and desires of the public.

The chart at left shows why the Eastern Railroads have had to ask for an increase in freight rates. The simple reason is that the increases allowed since 1939 are nowhere near enough to meet today's costs. The revenue the railroads get for hauling the average ton of

freight is only 15% more, whereas the cost of operating the railroads has increased more than 63% in that period.

Only recently, for instance, an arbitration board added another \$468,000,000 to our annual bill for wages and wage taxes, of which \$187,000,000 is borne by the Eastern Railroads. This brings the increase in these items alone to more than 75% since 1939.

All the railroads ask is what the law says they should be allowed to have. That means just and reasonable rates. The law says there is need in the public interest for adequate and efficient railway transportation service at the lowest cost consistent with furnishing such service.

In other words, all the railroads ask is sufficient revenue to enable them, under honest, economical and efficient management, to provide the kind of service people want.

Some examples of increased costs since 1939, affecting railroad operation

Increased freight rates since 1939 have increased the revenue from hauling the average ton of freight one mile only 15%

**Asks Pilots to Return**  
New York, Oct. 17 (AP)—The American Overseas Airlines, an official says, has offered to resume contract negotiations with its 173 striking pilots and co-pilots provided they return to work tomorrow. James G. Flynn, air lines vice president, announced last

night he had wired the pilots requesting that they man trips commencing with a flight at 4 p. m. (EST) Saturday and added that he would be in his office "when this flight goes out and immediately thereafter we can resume negotiations." The strike began September 30 in a dispute over working rules for the pilots.

### Quick Breads

Are Economical

By GAYNOR MADDOX  
NEA Staff Writer

Dried fruits are in super-abundant supply and therefore cheap. Molasses is a low-cost source of iron. When we use less meat, our most common source of iron, we must increase other sources of iron in the diet. Wheat is a low-cost source of protein and minerals.

So combine these high-grade, low-cost foods with eggs and milk and fat into quick breads and you add nutrition plus enjoyment to your menus.

Date-Molasses Bread

(Yield—1 loaf)

Two and one-half cups sifted all-purpose flour, 3/4 teaspoon baking powder, 1 teaspoon salt, 1/2 cup sugar, 1/2 cup chopped dates, 1/2 cup chopped nuts, 1 egg, 1/4 cups milk, 1/4 cup molasses, 4 tablespoons melted fat, 1 cup slightly crushed wheat flakes.

To sifted flour, add baking powder, salt, sugar, and resift. Stir dates and nuts into sifted dry ingredients, separating any pieces of dates that have stuck together.

Beat egg, combine with milk, molasses and slightly cooled fat. Add to flour mixture. Stir only enough to dampen flour. Fold in flakes, being careful not to over mix.

Four into a well-greased loaf pan about 9 by 4 inches. Bake in moderate oven (350-375 degrees F.) about 1 hour. Cool on rack.

Here's another tip. Small dried raisins or small pieces of dried apricots cooked with hot cereal add not only extra flavor but also extra and low-cost nutrition.

SUNDAY'S MENU

BREAKFAST: Canned blended grapefruit and orange juice, ready-to-eat cereal, date-molasses bread, fortified margarine, coffee, milk.

DINNER: Tomato and grapefruit juice, chicken fricassee, parsley dumplings, mashed potatoes browned with grated cheese, baked squash, molded cucumber and watercress salad, enriched bread, fortified margarine, chocolate graham cracker crumbs, pie, coffee, milk.

SUPPER: Baked macaroni and cheese, mixed green salad, hard rolls, fortified margarine, applesauce, cookies, tea, milk.

### Employment Head Reports 1,024 Job Seekers on Oct. 1

The number of Ulster county residents seeking work through the local State Employment Service was 1,024 on October 1. It was announced today. The figure does not include job-seekers in the towns of Lloyd, Plattekill or Marlborough.

George Stanton, manager of the local office of the New York State Employment Service, said this figure represented a considerable drop from a high point of 2,420 last February. The figure is also 16 less than in September.

Of the 1,024 who were hunting work October 1, 635 were men and 389 were women. Veterans numbered 364, Stanton said.

"We just don't have enough jobs to go around," he said. "Or else the applicants haven't the experience or qualifications to fit the job."

During September, Stanton said, 184 placements were made, 64 of them for veterans.

The number of those seeking work has hovered steadily just a little above the 1,000 mark for the past several months, it was reported.

### Hollywood to Air Communism Probe

Washington, Oct. 17 (AP)—The call for "lights, camera, action!" at a forthcoming investigation of Communism in Hollywood was okayed today by the House Un-American Activities Committee.

Reversing a previous informal decision to hold down publicity, the committee was reliably reported to have agreed that its hearings starting next Monday may be fully photographed, transcribed, recorded and otherwise advertised.

There was no official announcement of the decision, nor what prompted it, pending the expected week-end arrival of Chairman J. Parnell Thomas (R-N.J.).

But the stage setting for what is expected to be one of Capitol Hill's most glamorous and tumultuous public hearings are being put in place.

Press gallery attendants busied themselves marking off space at special press tables reserved for more than 100 reporters.

Most of the remaining several hundred seats in the big caucus room in the old House office building will be put on a first come, first served basis. Advance reservations are that the queue in the corridor outside will resemble the bleacher line at a World Series game.

In front row seats reserved for witnesses and legal counsel will be some of the leading men of Hollywood in the acting, producing, directing and writing fields. Several scores of them are under subpoena. To date, no "big name" actresses have been booked to testify.

### Big Youth Rally Slated Saturday At City Auditorium

Attorney James E. Bennett of New York will be the special speaker at the mass youth meeting in the municipal auditorium Saturday evening at 7:45 o'clock. The program is being sponsored by the Hudson Valley Evangelical Fellowship.

Besides being a forceful speaker, Mr. Bennett is vice-president of the World of Life Fellowship; secretary of the Pocket Testament League; vice-president of the National Bible Institute and vice-president of the Faith Theological Seminary.

He also defended Harry Rimmer in the famous court trial on Bible Defeats Atheism.

Saturday's meeting is open to the public for both young and old. There will be a large choir with vocal and instrumental selections by the Flies Sisters Quartet and community singing.

### Gitz Rice Dies; Adapted Music of French Folk Tune

New York, Oct. 11 (AP)—Gitz Rice, 58, who adapted the music of a French folk tune to create World War One's marching song, "Mademoiselle From Armentieres," died yesterday.

Serving with Canadian troops in France, Rice collaborated with a British sergeant, "Red Rowland," to write the Armentieres lyrics—hinky dinky parley vous—and speed up the tempo of the French song "Mademoiselle de Bar-le-Duc" for adoption to them.

He was also the composer of two other well-known world war songs, "Dear Old Pal of Mine," and "Keep Your Head Down, Fritzie Boy."

For a number of years he was a vaudeville pianist, accompanying headlines and playing his own songs.

### Deaths Last Night

(By The Associated Press)  
Mrs. Estelle Romaine Manville  
New Rochelle, N. Y.—Mrs. Estelle Romaine Manville, 73, widow of H. Edward Manville, multi-millionaire industrialist and mother of the Countess Folke Bernadotte of Sweden and Edward Manville, Jr.

Dr. Dudley O. McGovney  
Berkeley, Calif.—Dr. Dudley O. McGovney, 70, retired professor of constitutional law at the University of California and former dean of law schools at Tulane University and the University of Iowa. He was born in Huntington, Ind.

### Fire in Hotel

New Orleans, Oct. 17 (AP)—Scores of guests at the Roosevelt, New Orleans' largest hotel, left their rooms early this morning when fire was discovered in ventilator shafts from the kitchen. Fifteen pieces of fire-fighting equipment answered a three station alarm and fought the stubborn but apparently not dangerous blaze for an hour and a half.

"Forty-niners" on their way to California's gold fields, had to pay 12 1/2 cents each for horse shoe nails.

## BABSON on BUSINESS

### PROVIDING FOR FAMILIES

Eureka, Kansas, October 17—To those who are troubled about the financial outlook, I want to say that only as more families adopt careful Estate Planning will our nation reduce its "booms and busts." In other words, for every additional family providing for the future, the "booms" will be less dangerous, and the "depressions" will be less severe. I feel very certain about this.

### Think More of Children

We give too much time to business and too little to our children. A busy executive gives almost no time to thinking of the future which is to be a very essential part to his later-life development. Also think of the farmer or businessman who has been pouring all his profits back into the farm or business. He sells out and finds himself with a grand bank balance but no income until he puts his money to work. He has to sit down and do some very serious thinking. His entire future depends on it.

Then there is the widow with responsibilities left on her shoulders for which she is not prepared. How best in a short time can she get basic knowledge of the essentials in management of her affairs? The answer is to read such books as her local banker will recommend or attend such a college as I and my friends have opened at the "Center of the U. S."

### Doctors Need "Check-Ups"

Then there is the medical man, whose prime interests are far removed from the financial world. His success in his profession is largely due to his one-sided interest in it. But he runs into a problem. He must take a little pause, in order to conserve what he has accumulated and arrange his affairs to good advantage. A short course in Estate Planning is what he needs. These doctors are always "checking up" others but seldom take time to check up themselves physically or financially.

If you are a beneficiary of a "trust," you may have all the confidence in the world in the men who are handling things, but it is my advice that you also get enough investment training so you can intelligently watch them. Trust beneficiaries who often consult with their Trustees get the best service. Trustees usually are very glad to discuss such matters if they feel you understand what you are discussing. Books and classes exist to help people get such training.

### Advice to Lawyers

Lawyers are often made custodians of estates and get very well paid for such work. How much time are such busy men giving to the study of investments? Lawyers want their doctors and dentists to attend summer classes to keep up to date. Lawyers should be fair to their trusting clients and give the financial side of their training continuous post-graduate study.

Lawyers are so pressed with de-

tailed work which they must do, that they seldom take time to present new thoughts to their clients. Busy lawyers are not good salesmen of their own wares. They seem to hesitate to suggest to clients that they revise their wills, form trusts and plan their estates intelligently. Yet, these things are far more important for the clients families than the detailed work upon which their time is mostly spent.

### Warning to Farmers

I have just visited the wheat country where farmers are reaping much wealth. They are getting

more money than they ever dreamed of, but have no knowledge of what to do with it. As a result, this Central West is now infested with "get-rich-quick" promoters. They are trying to get away from the farmers their hard earned money, much of which the farmers will need to draw upon when low prices and poor crops come again—as they will.

My advice is that after getting out of debt you spend one-third of your profits on improvements, one-third put in government bonds or cash for "the day when it doesn't rain," and then use the other one-third to start an irrevocable Trust for your family's protection. Regarding this consult—not your "dentist" as the radio

talks about—but your lawyer and banker. They should also be visited every six months!

## Leaves From Boyle's Notebook

By HAL BOYLE

Albert Lea, Minn., (AP)—Every American community has in it obscure but talented men with ideas for practical new projects—projects that produce jobs and profits.

But in many cases the projects stay in the dream stage because the man with the idea lacks the capital or "know how" to put it into effect.

Not here—thanks to a unique organization known as "Jobs, Inc."

"Jobs, Inc." was set up for just that purpose—to abolish community unemployment by encouraging the launching of new jobs—creating enterprises.

President of this unusual organization is C. E. Myers, civic-minded district manager of a power company, who has a conviction that every community can help its own commercial growth by stimulating talent now going to waste.

Here's how the "Albert Lea plan" began:

Back in 1943 this bustling small Minnesota city was chosen as the guinea pig by the U. S. Chamber of Commerce for a study in community post-war planning.

Canvassers checked consumers and learned what they wanted to buy; checked manufacturers on how many men they planned to hire. As a result of the survey estimate of its immediate future.

That future was rosy, but it indicated 468 new jobs would have to be found to keep Albert Lea's returning servicemen employed.

"We decided that this was a community problem and could be met on the community level," said Myers. "Our idea was to coordinate the talent of the community for the sole purpose of increasing jobs."

He and 99 other local businessmen put up \$100 each to launch "Jobs, Inc."

Committees made a survey of what services were lacking in the community, and then set about encouraging enterprises to provide them.

In this way a brass foundry was established; a creamery, milk machinery company and other new manufacturers opened plants here.

But the men behind "Jobs, Inc." are prouder of the organization's role in developing local ideas and talent. For example, scrap wood accumulated at a firm making wagon tongues. Two young men had an idea they could use the scrap wood to make toys.

"Jobs, Inc." helped finance them and find a building. The toy making firm soon had 10 employees.

Many small similar enterprises have been put on their feet. A man with an idea for a new-type rain gauge to sell to farmers came to "Jobs, Inc." Unaided, he couldn't work out several bugs in his invention. The organiza-

tion found the men who could and helped him develop a simplified production technique. Now his product is ready for the market, and "Jobs, Inc." is assisting him with his sales program.

How has this community, co-operation worked out in terms of jobs? Well, employment throughout Minnesota has increased by 23 per cent. between 1940 and July, 1947. But here in Albert Lea

it has risen 62 per cent. There were 4,266 employed in 1940. The most recent survey showed 7,405. Instead of an expected 468 post-war unemployed, there were 149 unfilled job open-

ings. "What has been done here," said Myers, "can be done in any community that pools its research, production and sales ability to develop its own latent talent."

## Secured in a Home? Or lost in Rent Receipts?

That is a question you must decide for yourself and it is an important question. If you stop to consider the total amount of money you have paid or will pay in rent over a period of years, and then consider what it would cost you to buy your own home, you would find to your amazement that your rent would exceed the cost of the home. The money paid as rent is lost, but money paid into a home is security.

Why not investigate further by consulting officers of our bank who will be glad to explain to you our Home Buying Plan. They will show you how you can pay for your home over a period of years... eventually giving you home ownership.

Let us help you in your home buying decisions.

## New Members Received By College Women

The Kingston College Women's Club held its October meeting Tuesday evening at the First Dutch Church House, with Mrs. Lloyd LeFever, president, presiding. The following new members who had been previously voted upon, were officially welcomed into the club: Mrs. Harry Christiana, Miss Adisla Conno, Mrs. Charles Forst, Mrs. Arthur London, Miss Katherine Mizel, Mrs. Burton Schwab, Miss Mary Elizabeth Van Valkenburgh, and Mrs. DeWitt Wells. Three new names were presented and accepted into membership. These were: Miss Margarette Mollett, Mrs. J. R. Shultis, Miss Mac Evans. The resignations of Mrs. Herbert Bird and Miss

Beatrice Finch, who have moved from the city, were accepted.

The following study groups announced plans for future meetings: International Affairs Study Group under the leadership of Miss Marion Neumann, October 23, at the home of Mrs. Lloyd LeFever; Book Group under the leadership of Mrs. Ward Brigham at Mrs. Brigham's home Tuesday, October 28. The Drama Group under Mrs. James Tobin held its first meeting at Mrs. Tobin's home Wednesday. A class in Creative Writing is being organized under the instruction of Miss Marion Bullard. Further plans for this group will be announced later.

Mrs. John MacKinnon and Mrs. Herbert Fister reported to the club on the A.A.U.W.'s recent conference at Albany, discussing the taxation feature of the present educational law. A short discussion followed, relative to the increased responsibilities that local municipalities will have to assume under the provisions of the present law. The speaker of the evening, Dr. Suzanne Langer, a teacher in Columbia University, chose as her topic "The Philosophy of the Arts."

Through a national news release from the A.A.U.W. word has been received that 54 students from foreign countries are studying in the United States this year under grants from the A.A.U.W. These grants, in most cases, cover all expenses for a year's study. Coming from the war-torn countries of Europe and Asia many of these have suffered personal hardships while serving in resistance activities.

Kingston Branch hopes to entertain one of these students, Miss Inger Jorgensen, who is studying psychology at Vassar College. Miss Jorgensen comes from Denmark and is specializing in the diagnosis and treatment of adjustment difficulties in children and adolescents—a field in which there are no facilities for advanced study in Denmark, and a field which she feels is greatly needed in Europe at the present time.

## Among Brides of Last Week-End

MRS. GEORGE HALLENBECK, JR.

MRS. RAYMOND F. PRUSAK

MRS. DAVID W. BOGERT

Four of the brides who chose last week-end for their wedding are the former Miss Mary Margaret Kruszenski, 412 Hasbrouck avenue, who was married to George F. Hallenbeck, Jr., Hudson, Saturday in St. Peter's Church; Jane T. Carpine, East Kingston, who became the bride of Raymond F. Prusak, 44 Third avenue, Sunday at St. Colman's Church, East Kingston;

MRS. ALBERT E. NIRRI

The former Miss Ida Elizabeth Boice, Lake Katrine, whose wedding to David Weldon Bogert, Lake Katrine, took place Sunday at Fair Street Reformed Church; and The former Miss Loretta Wenzel, 3 Theresa Lane, who was married to Albert E. Nirri, 168 Third avenue, Sunday, by the Rev. Henry E. Herdogen. (Photos by Pennington Studio)

## Good Taste Today

By Emily Post

(Author of "Etiquette," "Children Are People," etc.)

### TO LOOK OR TO STARE.

A young girl writes: "My mother and I have been having an argument for some time and haven't come to a solution, so I am asking for your help. It is true that I like extreme fashions because I think they suit my type, but my mother says that the clothes I wear are conspicuous and, therefore, in bad taste. Do you consider it wrong to keep up-to-date?"

To induce purposely people to turn and stare wherever one goes is always bad taste. It is true that people are apt to turn to look after a young woman—or man either, for that matter—of exceptionally attractive appearance, but the glances that follow them are in no way suggestive of staring curiosity or criticism. It is well, therefore, to notice whether you are unsympathetically stared at or looked upon with apparent approval. But remember that the impulse to "show off" is dangerous.

### Not On City Street

Dear Mrs. Post: Since more and more people are smoking, is it still in bad taste for a woman to smoke on the street?

Answer: "It is still" unthinkable for a lady to walk in a city street either chewing gum or smoking. Nor does a gentleman walk with a lady in a city street and at the same time smoke. On the other hand, many things which are "not done" in the city are permissible in the country.

### Clergyman's Gravestone

Dear Mrs. Post: When marking the gravestone of a clergy-

man, is not his ecclesiastical title used? I know a professional reference ordinarily is omitted, but what about this?

Answer: No, not even in the case of a clergyman should his title be used. His name should be given as "John Henry Good" for many years rector of X Parish.

Mrs. Post's booklet, "The Etiquette of Service," No. 503, gives three types of table service to follow when entertaining guests. To obtain a copy send 10 cents (coin preferred) and a 3-cent stamp to her, care of Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y.

Mrs. Post is sorry she cannot answer personal mail. (Released by The Bell Syndicate, Inc.)

## Fall Festival Plans Being Completed At St. James Church

Committees are working to complete details for the annual fall festival to be held at St. James Methodist Church parlors Wednesday and Thursday, October 29 and 30.

The festival will open at 3 p. m. both afternoons. Wednesday a turkey dinner will be served beginning at 5:30 p. m. Thursday night, the combined choir of the church will present "A Day at a Mexican Fiesta." All choir members will be in costume. The public is invited.

There will be a country store and several booths including one for baked goods.

### Planned Parenthood Group

Reports Sales and Meetings

The regular monthly board meeting of the Ulster County Committee for Planned Parenthood was held at the Maternal Health Center's new quarters, 573 Broadway, on Tuesday morning. Reports on the success of the recent rummage sale were given. Mrs. Reynolds E. Carr, chairman, thanks the workers and all those who contributed to its success. A food sale will be held some time in November under the chairmanship of Mrs. Charles Warshaw.

Mrs. Henry J. Wood and Mrs. Gerard Betz were representatives at the seminar held recently at Washington, D. C. The detailed description of the conference was interesting and stimulating to the board.

Mrs. Myron Teller will have a meeting at her home, 212 Fair street, on Monday to acquaint members with her campaign plans.

## Mr. Roentgen Will Play at St. James Church Sunday Morning

Engelbert Roentgen, cellist, in what will probably be his last public appearance here before returning to New York for the Metropolitan Opera Season, will play at the morning worship service in St. James Methodist Church Sunday. Mr. Roentgen played at services in the church twice during August.

Mr. Roentgen has chosen an all Bach program for Sunday. With C. Franklin Pierce, director of music at the church, as organist, he will play Bach's Aria in D for Cello and Organ. As cello solos Mr. Roentgen will do two preludes: Sarabande and Bourree. The Sanctuary Choir will sing during the service.

## James Tuck, Free Lance Writer, Speaks to Junior Married Women

James Tuck, free lance writer, of Woodstock, spoke to the Junior Married Women's Club at the Y. W. C. Thursday night. He replaced Rudolph Frederick Folio who was unable to speak at the club last night.

Mr. Tuck has written for Collier's, Cosmopolitan, This Week of the Herald Tribune, and has been correspondent for the United Press, Reuters, Havas in China, Philippines, South America, and North Africa. He recently returned from a six weeks stay in Haiti. He chose the island as his topic for his talk. He gave a brief history of the place, the customs, religion and progressive form of government. Afterward a question period was conducted.

A successful report was given of the recent Fall Fashion Show and Mrs. Robert Brown, chairman, was presented with a gift from the club for her work in promoting the show.

### Collection was taken for the Home for the Aged.

The next meeting, November 6, will be a husband's party and reservations are to be made with Mrs. Edward DeGraff, telephone 1475-R, not later than October 30.

New members received Thursday night were the Mmes. Lucy McCabe, Max Brugman, John Guener, Warren Swarthout, James Plunkett, Richard Cole, John McManus, Nevell Cranston and Harold Reis.

### Hostesses for the evening were the Mmes. Robert Brown, William Costello, Harold Reis, Paul Gardner and Donald Davis.

### Strong Wire

A three-inch length of the fine filament wire used in electric lamps is strong enough to support 200,000 times its own weight.

## Mrs. Sickles Honored By Home League Group

A wedding-shower was given Mrs. Vincent Sickles by the ladies of the Home League at the Salvation Army Hall Wednesday evening. Mrs. Herbert Faroute assisted in pouring.

Others present were the Mmes. William Rockwell, Theodore Halsted, C. Gibb, Raymond Webster, Paul Anderson, Donald Hasenflue,

Martha Nagele, Ida Johnson, Emma Gooso, Betty Gooso, Frank Rockwell, Jr., Grace Kolderhouse, Mrs. DuBois and the Misses Evelyn Gispell, and Martha Harbeck.

## W.C.T.U. President Also Heads County Meeting Thursday

Kingston Woman's Christian Temperance Union met at the home of Mrs. George Shultz, 279 Washington avenue, Thursday afternoon. Mrs. Shultz, local president, recently was elected president of the Ulster County W.C.T.U.

Mrs. Henry Bartsch read a paper reviewing a chapter of "New Alcohol Studies." She said, "The superstructure of alcoholism is often formed in childhood at the age of 10 to 15. There are at present, three million excessive drinkers."

"Every city should have a clinic for alcoholics," she continued, "which should be sent to farms or institutions, where there is some hope of being restored to mental health." She reported that since the repeal of prohibition, the jails throughout the country are being filled with drunks and the number has increased rapidly.

Mrs. William Whiston reported on the topic "Nicotine." She said that science has disproved the prevalent idea that smoking relieves nervous tension, or makes the smoker think more clearly or rapidly. "Dementia praecox is increasing at a rapid rate," she noted. "Some doctors think tobacco is largely responsible for this."

Mrs. Whiston also reported that a number of studies have been made showing that smokers make the highest grades in high schools and colleges. "Harvard's records show," she said, "that five out of six students smoke. . . . A smoker has not stood at the head of his class for fifty years." She also noted that "of the 100 students at Yale who took honors in a given period 95 were non-smokers."

## Westminster Group To Hear Rabbi Plotke; Invites Young People

Westminster Fellowship, young people's society of the First Presbyterian Church, Elmendorf street and Tremper avenue, plans a special service for Sunday evening at 7 o'clock. Rabbi Frank D. Plotke of Congregation Ahavath Israel will give a message of interest to young people. Members of the society will take part in the service.

Invitations have been sent to various other young people's societies and Richard Newman, president announces, "We cordially invite young people of all faiths to worship with us Sunday evening."

The Rev. William J. McVey is adult advisor to the group.

**Bar Mitzvah Announced**  
Mr. and Mrs. Morris Kaplan of 12 Staples street announce the bar mitzvah of their son, Jerome Kaplan, Saturday morning, 10 o'clock at Agudas Achaim Synagogue. All friends and relatives are invited. A reception will be held following the service in the vestry hall.

## Wiltwyck Chapter D.A.R. Celebrates Chapter Day

Chapter Day which commemorates the burning of Kingston by the British October 16, 1777, was celebrated by Wiltwyck Chapter D.A.R. Thursday evening at the chapter house.

Mrs. Maynard Mize, regent, opened the program by welcoming the members and guests and gave a brief resume of the burning of Kingston. She explained the significance of Chapter Day saying that it was chosen to commemorate the patriotism and heroism of the great-grandmothers of the many of the chapter members who fled to Old Hurley when the British under General Vaughn invaded and burned Kingston.

To show their appreciation and gratitude to the people of Old Hurley for their generous hospitality and much needed assistance during and after the devastation, members of Wiltwyck Chapter from the time of its organization in 1892 went in carriages for a number of years on October 16 to the village of Mrs. James Wiltwyck in Hurley, to celebrate Chapter Day.

Mrs. Mize also related that when the State Conference of D.A.R. was held in Kingston in 1904, the whole conference went in carriages to Hurley and were received and entertained by Dr. and Mrs. Nash.

Mrs. Adam H. Porter who had charge of the program for the evening announced the following numbers: piano solos: Humoresque, Rachmaninoff, and one of her own compositions: "Theme and Variations."

Readings: The History Lesson by Mixon and Elmer Brown by James Whitcombe Riley, given by Miss Natalie Alcon.

Solo: The Valley of Laughter by Sanderson and I Love Live, Anna-Zucca sung by Miss Patricia Keefe, accompanied by Mrs. Walter T. Tremper at the piano.

Plano solos: Rondo Capriccioso, Mendelssohn; Plerrette, Chaminade, played by Robert Cooper.

Recitation of the poem, "A Colonial Ballad" written by Henry Abbey, native of Kingston, about a romantic story connected with the burning of Kingston, given by Mrs. Burdette R. Tuttle.

At the conclusion of the program, tea was served in the dining room with Mrs. Adam H. Porter and Mrs. John M. Schiele presiding. Hostesses for the evening were members of the entertainment committee with Mrs. Charles A. Jewell, chairman, and assisted by Mrs. Group Members: Mrs. Stuart Randall, Mrs. Harold Smith, Mrs. Hollis Burhans and Miss Winifred Kimble.

## Save It, Then What?

Detroit, Oct. 17 (AP)—Detroiters can use home education on President Truman's food-saving plan, members of the new City Conservation Committee decided today after receiving telephone calls from several housewives who reported they had saved 20 to 30 slices of bread. "Some of it is getting pretty stale—are you going to collect it or do you want me to take it to an agency somewhere?" one woman asked.

## Nearing Agreement With Maritimers, Travel Still Tied

Paris, Oct. 17 (AP)—Government delegates and union representatives said today they were nearing an agreement aimed at ending a maritime strike which has tied up French ports since yesterday morning.

Nearly 40,000 maritime workers were off the job, demanding 15 per cent pay increases.

A special government committee convened in mid-afternoon to try to find a formula for ending a strike of 30,000 transport workers whose demands for more money have tied up the buses and subways of Paris since Monday.

Workers hurriedly tried to repair nine of the subway system's 12 generators which officials said were "sabotaged" during the night. Representatives of two small independent unions, which voted yesterday to return to work, were to attend today's meeting.

Premier Paul Ramadier had announced earlier that he intended to requisition enough electricians to get the subway under at least partial operation, but a company official said this would do no good unless the generators were repaired.

The Communist-dominated General Confederation of Labor (C.G.T.) continued its exhortations to members to disregard the back-to-work pleas of the government, which has declined to discuss the wage issue until the strikers get back on the job.

A threatened strike on the government-operated railways was averted yesterday when Ramadier persuaded workers to negotiate requested pay increases directly with the National Railway Organization. At the same time he stayed off an impending walkout of national gas and electricity workers by agreeing to their demands for immediate application of an 11 per cent pay increase, approved last July.

## Garraghan Named With Schmid to Plan for Meeting

Raymond Garraghan and Alfred Schmid have been named co-chairmen of the annual meeting of the Kingston Chapter of the Knights of Columbus.

The annual meeting will be held during the last week of January or the first week of February, and it is hoped the group will address the group. Williams said. Last year some 400 persons heard Fulton Lewis, Jr., speak at the New York State armory.

Other members of the committee are Charles O'Connor, Harvey Kolts, Louis B. Steteket, Fred Erkel, C. J. Peterson, and Clyde Wonderly, Jr.

## Catholic Daughters Plan Card Party

Court Santa Maria 184 Catholic Daughters of America will hold its annual card party Thursday, October 23, at 8:15 p. m. in the Knights of Columbus Hall. Mrs. Margaret T. Gorman, honorary chairman, and Mrs. Lena Roche, general chairman, will be assisted by the officers in planning the details. Bridge players are asked to bring their own cards. Refreshments will be served.

Saturday evening, October 25, at 7:30 o'clock, a rehearsal has been called for all ritualistic officers in preparations of the initiation of new candidates October 26 at 1 p. m. in the Knights of Columbus Hall.

## Personal Notes

Mr. and Mrs. John Goumas of 22 Hoffman street had as their guest this week Mrs. Goumas' brother, Damon Samaras of New York and the Rev. John Damascos of Rochester. The Rev. Mr. Damascos has just returned by airplane from Greece where he spent a month in Siatista and Salonika.

Mrs. Anna E. Duryee of 111 West Chester street spent the week-end with Mr. and Mrs. Edward J. Carpenter at their home in Cotesville, N. J.

Mr. and Mrs. Tracy L. Elmendorf of Santa Rosa, Calif., are visiting Mr. Elmendorf's brothers and sisters in this city. They are Mrs. Allie Quick, Miss Nellie Elmendorf, Archie W. Elmendorf, Clayton S. Elmendorf and Harry B. Elmendorf.

## Newkirk Outlines

Continued from Page One

the affairs of his church and community, a man whose foresight and understanding of city government has resulted in a substantial saving in your tax bill, a man who you and I, as citizens, can be proud to support on Election Day.

I am sure we all realize how important local government is in the development, growth and safety of our city and the effect that government has on our personal lives and on our futures.

I know that it is the whole desire and purpose of Oscar Newkirk that Kingston should progress, that it should have opportunity for growth, and that its people be happy in the pursuit of everyday business, and that the same spirit reign in the home life of our people. I know that he is deeply conscious of his responsibilities, that he will conduct himself honestly and courageously, seeking the advice and help of the people of our city, when needed.

Oscar Newkirk served four years in public life as an alderman, during which time he represented the Second Ward in the Common Council, and at present, he is a supervisor of the city of Kingston. He has been a member of the Common Council, that Mr. Newkirk discovered the fact that the mayor had credited only \$23,168.07 of the 2 per cent State Emergency Public Utility Tax to the city. Instead of the over \$50,000 which should have been credited, because of Mr. Newkirk's alertness the 1945 tax rate was reduced over a dollar per thousand dollar assessment.

Ladies and gentlemen, I believe that Oscar Newkirk is a good man and given the opportunity, I am sure he will prove to be a good mayor.

Mr. Newkirk spoke in part as follows:

I speak to you tonight for the first time as a Republican candidate for Mayor of Kingston.

Before asking for your support, I think it only fair that I tell you something of myself and of the principles of government for which I stand.

Let me assure you right here that I do not pretend to be a polished orator or a political spell-binder. I am just a plain citizen of Kingston, whose life has been characterized by hard work, trying to make good on my job, in my home life, in my church and as a responsible member of my community. How well I have succeeded is for you to judge.

As Johnny Schwenk has told you, I have a natural liking and a deep interest in government and have had six years of experience in public office. I have taken my public service seriously, have done considerable studying, and have learned a great deal about the way laws are made and how they should be administered.

The duties of Mayor of this city consist mainly, in my opinion, of furnishing intelligent and courageous leadership; planning public improvements; fostering the growth and development of the city; seeing to it that the affairs of the city are honestly and efficiently administered; so as to serve and protect the people residing therein; to work for the interest and welfare of all of our people; and to keep the cost of living all this within the capacity of the people to pay.

Ladies and gentlemen, I believe I can do such a job for you as mayor, and that I can do it well.

**Will Ask Questions**  
Sometimes, political campaigns are so full of spoken and written words, of charges and counter-charges, truths and half truths, that the voters become confused and disgusted. I can promise you that for that reason, I will be a candidate of few words. I will tell you simply what principles of government I believe in, what program of action I stand for, and will ask certain questions about the past conduct of the city government the answers to which we are entitled to know. The verdict will then be up to you.

I look upon any public office as a great public trust and as an instrumentality of public service. And I mean this most sincerely, ladies and gentlemen. When public officials treat their offices as anything less than that, they are doing a great disservice to their people and to our great American system of government and are, in fact, helping to undermine the faith of the American people in their own government. Now, as at no other time in our history, should we insist upon honest, sincere and conscientious public servants.

I believe that public officials should truthfully and forthrightly state their positions on all public questions that concern them and tell the people exactly where they stand on those issues. Times are too serious, and the people are in no mood to tolerate political ducking, hedging and possum-playing. How can any mayor discharge his duty as head of the city government if he remains silent on important questions affecting the city government? It may be good politics to remain silent but in these critical days we need men in public office who worry less about being reelected and think more about making the American system of government work effectively to show the rest of the world that democracy really functions in America.

The American system of government is based on laws made by our elected representatives. It is not a government of men. We can get orderly processes of government only when public officials obey the law in administering government. I, therefore, pledge myself to discharge the duties of government in accordance with the constitution and the law of the land.

I believe that municipal services should be furnished on the basis of equality to all and favoritism to none; that the city should begin to live within its income and stop borrowing money for future generations to pay, except only in the case of urgently needed capital improvements, in which case bonds should be issued only after the people have expressed their views at a public hearing.

I am against padding the public payrolls for political or other purposes. I believe that all equipment materials and supplies should be purchased from the lowest bidder and that all bids should be published in the local press, so that the left hand knows what the right hand is doing.

I am in favor of the honest administration of the city's Civil Service Laws, without discrimination, so that public servants are selected, promoted and compensated on the basis of what they know, and not because of whom they know. I believe in wages and working conditions for city employees comparable to those in effect in this city for similar work in private industry.

**Would Amend Charter**  
I believe that the charter of the city, adopted in 1886, is an ancient and outmoded document and that it should be modernized and amended to meet modern conditions.

One of the new charter provisions should require the budget to be submitted to the Common Council by the Mayor not later than November 1st, instead of the last week of the year as now is the practice; I believe that the Mayor's budget should be published in full in the local press, so that the people may see what it contains and what the tax rate is before they go to the public hearing; that the budget contain an additional column, the same as it used to, showing the increases and decreases as compared with the previous year; that the budget be submitted in line-item form, showing the proposed appropriations in detail, instead of showing one lump sum for the operation of an entire department. In that way, the people will know just how it is proposed to spend every dollar which the mayor asks.

The public hearing should not be held by the Mayor until the people have had time to examine the proposed budget as published in the press. If the budget is published on November 1st, the public hearing should be called on December 1st and the Common Council should adopt the budget early in January. This will give the people a month to familiarize themselves with what is in the budget and will give the Common

Council also a month in which to consider the views of the people as expressed at the public hearing before the Council finally adopts the budget and fixes the tax rate.

I might say, too, at this point, that I am in favor of the Mayor's holding the public hearing in the evening, and not in the afternoon when many of our citizens are unable to be present.

I believe also that the charter should require the publication in the local press of the city treasurer's quarterly statements of the financial condition of the city so that the public may be kept informed of the amounts appropriated, the amounts spent from and the balances remaining in each appropriation account.

As you know, it is the duty of the Mayor to appoint members of the various city boards, including the Board of Education. I believe it is the duty of the Mayor to select for those important posts the most qualified men and women in the city who are representatives of our various constituent groups and localities. I also pledge, if elected, that I will not appoint as assessor, any real estate broker who writes insurance on real estate, or, in fact, anyone of any trade or profession who can trade business for himself for low assessments on real property.

**Favors Raise for Police**  
As a candidate for Mayor, I believe you have a right to know where I stand on the public referendum before us on raising the salaries of members of the Police Department. I have made a study of this question and find that both police and firemen have been discriminated against when their wages are compared with the wages paid other city employees. Because I am opposed to discrimination and in favor of justice, I am in favor of the police wage referendum. I shall vote in favor of the increased wage rates for policemen at the polls and urge public support of their meritorious appeal.

I want you to know, too, that I am in favor of the following amendments and propositions which you will find in your voting machine on Election Day:

Amendment No. 1: To amend the State Constitution to provide for a state bonus for veterans of World War II. This is one way in which the citizens of New York State may, in a small way, show their appreciation for the sacrifices made by those veterans in bringing victory to our cause. I urge public support of that Amendment, as well as Amendment No. 6—authorizing the construction of 20 miles of ski trails on Belle Ayre Mountain, which will provide needed recreational facilities for our youth and bring business to Ulster County. I also urge the adoption of Propositions Nos. 1 and 2, authorizing the state to expand its low cost housing program, which will help veterans and others.

I shall be glad to discuss more issues with you on my broadcast. I hope you will be listening. Meantime, won't you please think over carefully the matters I have discussed tonight. I am sure, if you do, that you will agree with me.

If you think I am right and believe I have what it takes in courage, energy, intelligence, experience and character to do a good job for you during the next two years as your Mayor, won't you please give me your support and ask your neighbors and friends to do likewise?

## Taft, Stassen Lash Democrats During Talks at Columbia

Columbia, O., Oct. 17 (AP)—Potential Republican presidential candidates, Minnesota's former Governor Harold E. Stassen and Ohio's senior Senator Robert A. Taft, tossed bouquets at each other last night before lashing the Democratic administration in speeches from the same Columbus platform.

Stassen already is an avowed candidate and Taft will announce his decision about entering the race here, Oct. 24. The consensus is that he will toss his hat in the ring.

Taft pulled no punches in castigating the Democratic administration both on its domestic and foreign policies, insisting that it had neither. In foreign relations, he declared, "we do not know whether the administration is leading us to peace or war."

"The whole foreign policy," he said, "has been a riot of inconsistencies, and neither the people or Congress have been advised what the real facts are."

Stassen, less critical of the Truman administration, devoted most of his speech to his conception of the Republican party of the future. It should become "the party of hope," he said, in contrast to the Democratic party "becoming known as the party of gloom."

They addressed the annual con-

## Government Benefits

tal freedom to support whatever political party or candidate he chooses, without compulsion from anyone."

However, Senator Pepper (D-Fla.) said that Taft is "completely wrong" and Senator Morse (R-Ore.) expressed the opinion that the Taft-Hartley political activity ban has "some unconstitutional features."

The law prohibits labor organizations from making a "contribution or expenditure in connection with any election." A \$5,000 fine is the maximum penalty against any union and a \$1,000 fine plus a year in jail the maximum penalty against any union officer who consents to such contribution or expenditure.

The unions have been arguing all along that if this prohibits them from publishing their political views or the political records of candidates for office it is in violation of freedom of the press.

The announced purpose of the A.F.L.'s "Educational and Political League" is to "disseminate information to workers on A.F.L. political views and concerning the 'attitude' of candidates for office. But in addition the A.F.L. has authorized its league to 'take such other actions as it may deem advisable.'"

Meantime, won't you please think over carefully the matters I have discussed tonight. I am sure, if you do, that you will agree with me.

If you think I am right and believe I have what it takes in courage, energy, intelligence, experience and character to do a good job for you during the next two years as your Mayor, won't you please give me your support and ask your neighbors and friends to do likewise?

## Mother, Daughter Married to Same Man Court Finds

New York, Oct. 17 (AP)—A 48-year-old hospital employee was held on a bigamy charge in felony court yesterday despite the tearful entreaties of a mother and her daughter, both of whom said they were married to the man and had borne him children.

As Magistrate Francis X. Giaccone listened and commented that "even Dickens couldn't think up one like this," Detective Dewey Warnicke told his story.

It began when the younger woman, Ruth Belsky Golightly, 21, complained to police that her husband, Raymond, was not supporting her or her infant child.

The detective went to her apartment. Another woman was there. She asked the trouble.

"Non-support," Warnicke said. "His wife complained."

"Well, I'm his wife," said the woman, "and I'm not complaining. The woman who made this complaint is my daughter."

The older woman identified herself as Mrs. Nellie Mary Belsky Golightly.

In court, both women produced marriage certificates showing they were married to Golightly, the mother in 1944 and her daughter about two years later.

The whole thing's too complicated for me," said the magistrate, and then turning to the girl he added:

"I think you willfully became your mother's rival."

Both women burst into tears when Golightly was ordered held in \$10,000 bail for grand jury action.

Then they left the court arm in arm.

By WILLIAM E. McKENNEY  
America's Card Authority  
Written for NEA Service

It seems to me that I have seen this hand before, either in a book, or a problem, or maybe in one of my own articles. Nevertheless, the boys on the Pacific coast tell me that this hand was actually played by Lou Ushen of Los Angeles. Ushen is one of the players whom the eastern experts will meet at the Coronado, Calif., tournament, November 7 to 11.

Even if you have seen the hand before, it is an exceptionally interesting one and should teach you the theory of unblocking, in case a similar situation is dealt to you some time in the future. If you have not seen it before, let me suggest that you go to work on it and see if you can make seven hearts; then check your results with the method employed by Lou Ushen.

On trick one, declarer must be very careful. He wins with the ace but must not discard a spade from dummy. He must discard

## Migrations Cause New York to Lose 3 Electoral Votes

Washington, Oct. 17 (AP)—The greatest migration in American history, combined with increases in population, probably will cause at least 18 states to gain or lose representatives in Congress after 1950.

These same states will gain or lose electoral votes, by which the president and vice president are elected.

Seven states would gain members in the House and 11 would lose on the basis of new population estimates prepared by the U. S. Census Bureau.

These figures are for July 1, 1947. The actual reapportionment will be on the basis of the 1950 census. Census experts say there

may be additional changes between now and 1950 if the migratory movement continues at a rapid pace.

California, increasing its population almost 2,500,000 since 1940, made a sensational gain of seven House members on the basis of the 1947 estimate. This is a prospective increase of one representative and one electoral vote within a year.

The other increases are: Oregon, 1; Washington, 1; Florida, 1; Indiana, 1; Michigan, 2; and Maryland, 1.

The losers are: Arkansas, 1; Illinois, 1; Kentucky, 1; Mississippi, 1; Missouri, 1; New Jersey, 1; New York, 3; North Carolina, 1; Oklahoma, 1; Pennsylvania, 2; and Tennessee, 1.

The electoral vote of each state equals the total number of its representatives, plus two for its two senators.

## The Weather

FRIDAY, OCTOBER 17, 1947

Sun rises at 6:17 a. m.; sun sets at 5:34 p. m., E.S.T.  
Weather, clear.

### The Temperature

The lowest temperature recorded on the Freeman thermometer during the night was 55 degrees. The highest figure recorded up to noon today was 76 degrees.

### Weather Forecast

New York city and vicinity — Today fog, clearing in morning, then mostly sunny, highest temperature near 80 degrees, gentle to moderate southerly winds. Tonight foggy, lowest temperature in lower 60s, light to gentle variable winds. Saturday partly cloudy with fog, clearing in morning. Continued warm, highest temperature near 80.

Eastern New York—Fair, warm and humid weather today, to night and Saturday with some early morning cloudiness and fog along the coast and not so cool in the interior tonight.

## Chile Says Strike By 16,000 Miners Has Been Settled

Santiago, Chile, Oct. 17. (AP)—The government declared today that a 13-day strike by 16,000 coal miners had been broken and that a "majority" of the strikers reported for work yesterday afternoon.

The announcement, which said the government had "broken down resistance in a strike imposed by Communist agitators," attributed the end of the walkout to four factors:

1. News that the United States was sending coal to Chile.
2. Arrival of 1,500 men—mostly ex-miners—with their families brought to the coal fields by the government from other parts of Chile.
3. House to house conscription of striking miners under army mobilization orders which threatened those refusing to go back to work with court martial.
4. Cooperation of the Chilean army.

A government spokesman said the house to house callup of miners had disclosed large quantities of food supplies, especially canned goods, in some homes. Investigators said these hoards dated from

a period when a Communist was executive vice president of the National Institute of Agricultural Economy, which handles Chile's food supplies.

The coal strike ostensibly was brought on by miners' demands for more pay, but a government decree boosting underground workers' wages by 40 per cent and

the pay of others by 30 per cent failed to end the walkout.

The government then charged the strike was Communist inspired and expelled two Yugoslav diplomats after accusing them of having "agitated" the work stoppage. Yugoslavia broke off diplomatic relations with Chile last Saturday as a result of the expulsion of the two diplomats.

## Preacher Wore Maroon Pajamas at Wedding

Fort Worth, Tex., Oct. 17. (AP)—The wedding fashion note: The preacher wore maroon pajamas.

Doris Woodard and Joseph E. Bothe hadn't counted on the Rev. Joseph E. Scheumack being involved in an automobile wreck when they engaged him to perform their marriage. Afterward, he agreed to officiate anyway if they didn't mind a hospital setting. They didn't.

The bride wore blue at the ceremony last night. The groom wore the conventional black.

**NOW 1,000,000 owners are enjoying workless washdays with the world's "SAVINGEST" washer!**

No other washer has done so much wash... for so many families... and done the whole gigantic job automatically. No other washer has saved so many housewives so much hard work... so much soap... so much hot water... and washed the clothes so thoroughly, yet gently. With the Bendix automatic Washer, all you do is set the dial, add soap... and you're through. All by itself, the Bendix washes, rinses three times and damp-dries clothes. It even cleans itself and shuts off automatically, so you don't have to stay in the house!

Is the Bendix REALLY best? Ask the girls who know! One of the million lucky Bendix owners is a neighbor of yours. So you don't have to take our word for it. Ask HER: Does it do all the work of washing? Does it get clothes spanking clean? Is it thrifty with soap and hot water? Just ask her!
